FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of the
Board of Directors
Napa County Housing Authority
Napa, California

We have audited the accompanying financial statements of Napa County Housing Authority (Authority), a component unit of the County of Napa, California, as of and for the fiscal year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of Napa County Housing Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Napa County Housing Authority as of June 30, 2010, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated October 1, 2010, on our consideration of the Napa County Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Board of Directors
Napa County Housing Authority

The Management's Discussion and Analysis, as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NAPA COUNTY HOUSING AUTHORITY

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010

This section of the Napa County Housing Authority's (Authority) annual financial report presents our discussion and analysis of the Authority's financial performance during the fiscal year ended June 30, 2010. Please read it in conjunction with the Authority's basic financial statements following this section.

FINANCIAL HIGHLIGHTS

- The Authority began operations of three farmworker centers at the very end of fiscal year 2006-2007, with the third full year of operations occurring in fiscal year 2009-2010.
- Napa Valley Housing Authority transferred ownership of the three facilities located throughout the county to Napa County Housing Authority in April of 2008.
- The Authority used \$413,484 of collected assessments and \$477,382 of collected rental income to offset costs during the year.
- The Authority established appropriate operating and maintenance reserves for each center pursuant to the Joe Serna, Jr. Farmworker Housing Grant Program requirements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of two components: 1) **Government-wide** financial statements, and 2) **Notes** to the basic financial statements. Fund financial statements are not included in the basic financial statements because all activities of the Authority are accounted for within a single enterprise fund. Enterprise funds are accounted for using the accrual method of accounting in both the Government-wide and Fund financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of Authority finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all Authority assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *statement of revenues, expenses and changes in net assets (deficit)* presents information showing how the Authority's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

NAPA COUNTY HOUSING AUTHORITY

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2010

Both of these government-wide financial statements distinguish functions of the Authority that are principally supported by user fees and charges (*business-type activities*). There are no component units to be included in the Authority's basic financial statements.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide financial statements.

FINANCIAL ANALYSIS OF THE AUTHORITY

Net Assets

A summary of the Authority's Statement of Net Assets is as follows:

	Condensed Statement of Net Assets		
	As of June 30,		
	2010	2009	Variance
Current assets	\$ 481,129	\$ 450,285	\$ 30,844
Noncurrent assets	4,795,856	4,858,112	(62,256)
Total assets	5,276,985	5,308,397	(31,412)
Current liabilities	49,108	47,365	1,743
Total liabilities	49,108	47,365	1,743
Net assets:			
Invested in capital assets, net of related debt	4,795,856	4,858,112	(62,256)
Restricted	432,021	402,920	29,101
Total net assets	\$ 5,227,877	\$ 5,261,032	\$ (33,155)

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Authority, assets exceeded liabilities by \$5,227,877 at the close of the most recent fiscal year. The primary components of the Authority's assets include the value of the three farm worker center buildings and associated land, and cash for equipment replacement and operating reserves as required by the Joe Serna grant.

Net Assets - End of Year	<u><u>\$ 5,227,877</u></u>	<u><u>\$ 5,261,032</u></u>	<u><u>\$ (33,155)</u></u>

CAPITAL ASSETS

As of June 30, 2010, capital assets consist of three farm worker centers consisting of both structures and land, as well as a water heater purchased in FY 2007-2008.

DEBT ADMINISTRATION

As of June 30, 2010, the Authority has no long-term debt.

ECONOMIC FACTORS

The Authority's fiscal year 2009-2010 operating expenses are \$1,164,245, a decrease from \$1,206,166 in fiscal year 2008-2009 of \$41,921, or a 3.4% decrease. Although the costs for the maintenance and operations contract increased, the net decrease is a result of the management efficiencies in negotiating better utility contracts as well as an overall decrease in costs for County services required as processes become more streamlined.

NAPA COUNTY HOUSING AUTHORITY

Notes to Component Unit Financial Statements For the Fiscal Year Ended June 30, 2010

Note 1: **Summary of Significant Accounting Policies**

The financial statements of the Napa County Housing Authority (Authority) are prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Fund applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

A. **Reporting Entity**

The role of the Napa County Housing Authority is to provide safe and sanitary dwelling conditions for low income people. The Authority funds operations, maintenance and capital improvements for the Napa County's farm worker housing system which currently includes three (3) centers – one in the Yountville area, one near St. Helena and one near Calistoga – with a collective capacity of 180 beds. The purpose of these centers is to house and feed farm workers that are not permanent local residents. The Authority is partially funded through a special, self-imposed, assessment on producing vineyard land. The Authority also receives funding through the collection of fees from the lodgers at each of the centers.

The Authority includes all operating activities considered to be part of the Authority. The Authority reviewed the criteria developed by the Governmental Accounting Standards Board (GASB) in its issuance of Statement No. 14, related to the financial reporting entity to determine whether the Authority is financially accountable to other entities. The Authority has determined that no other outside entity meets the above criteria, and therefore, no agency has been included as a component unit in the financial statements.

The Authority is governed by the County Board of Supervisors serving in a separate capacity as the governing board of the Authority. As such, the Authority is an integral part of the County and, accordingly, the accompanying financial statements are included as a component unit of the basic financial statements of the County. The Authority is an enterprise fund of the County of Napa.

NAPA COUNTY HOUSING AUTHORITY

Notes to Component Unit Financial Statements For the Fiscal Year Ended June 30, 2010

Note 1: **Summary of Significant Accounting Policies** (continued)

B. **Basis of Presentation and Accounting**

The accompanying financial statements of the Authority are prepared on the accrual basis method of accounting in accordance with generally accepted accounting principles as applicable to governmental units.

All activities of the Authority are accounted for within a single enterprise fund. Enterprise funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

Nonexchange transactions, in which the Authority gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. In accordance with GASB No. 33, *Accounting and Reporting for Nonexchange Transactions*, revenue from property taxes is recognized in the fiscal year for which the taxes are levied and resources are available. Revenues from sales tax are recognized when the underlying transactions take place and the resources are available. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligible requirements have been satisfied and the resources are available.

C. **Cash and Investments**

The Authority maintains all of its cash and investments with the Napa County Treasurer in an investment pool. On a quarterly basis the Treasurer allocates interest to participants based upon their average daily balances. Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County's financial statements. The County of Napa's financial statements may be obtained by contacting the County of Napa's Auditor-Controller's office at 1195 Third Street, Room B-10, Napa, California. The Napa County Treasury Oversight Committee oversees the Treasurer's investments and policies.

Note 1: **Summary of Significant Accounting Policies** (continued)

D. Cash and Cash Equivalents

The Authority considers all cash held in the Napa County Treasury to be cash and cash equivalents for purposes of the statement of cash flows.

E. Capital Assets

Capital assets (including infrastructure) are recorded at historical cost or estimated historical cost if actual historical cost is not available. Contributed fixed assets are valued at their estimated fair market value on the date contributed. Capital assets include dormitory-style farmworker centers, land, and related equipment. The Authority defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide statements. Depreciation begins on the first day of the fiscal year following the period the asset is placed in service and ends in the fiscal year that it is retired from service or is fully depreciated. The Authority chooses not to record any depreciation during the year of acquisition.

The estimated useful lives are as follows:

Structures and improvements	20 to 50 years
Land improvements	20 years
Equipment	3 to 15 years

F. Receivables

Receivables consist of fees charged at the farmworker centers. The Authority believes its receivables to be fully collectible and, accordingly, no allowance for doubtful accounts is required.

G. Net Assets

Net assets comprise the various net earnings from operating and non-operating revenues, expenses and contributions of capital. Net assets are classified in the following three components: invested in capital assets, net of related debt; restricted; and unrestricted net assets. Invested in capital assets, net of related debt, consists of all capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets; debt related to unspent proceeds

G. **Net Assets** (continued)

or other restricted cash and investments is excluded from the determination. Restricted net assets consists of net assets for which constraints are placed thereon by external parties, such as lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Restricted net assets of the authority are imposed by the Joe Serna, Jr. Farmworker Housing Grant Program. These restrictions require the Authority to maintain four months of estimated operating expenses and four months of required replacement reserve deposits. Unrestricted net assets consist of all other net assets not included in the above categories.

The Authority first utilizes restricted resources to finance qualifying activities, then unrestricted resources, as needed.

H. **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2: **Cash and Investments**

The Authority holds its cash and investments as follows:

The Authority holds unrestricted cash in the Napa County Treasury which maintains a Cash and Investments pool. The fair value of investments in the pool is determined monthly based upon quoted market prices. Required disclosures for the Authority's deposit and investment risks at June 30, 2010, were as follows:

Credit risk	Not rated
Custodial risk	Not applicable
Concentration of credit risk	Not applicable
Interest rate risk	Not available

Investments held in the County's investment pool are available on demand and are stated at cost plus accrued interest, which approximates fair value.

OTHER REPORT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Members of the
Board of Directors
Napa County Housing Authority
Napa, California

We have audited the financial statements of Napa County Housing Authority as of and for the fiscal year ended June 30, 2010, and have issued our report thereon dated October 1, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Napa County Housing Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Napa County Housing Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Napa County Housing Authority's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Napa County Housing Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the management and state agencies, and is not intended to be and should not be used by anyone other than these specified parties.
