Hi Kelli,

May I request an extension on the 45 day comment period? The draft is long and complex. I'm committed to doing my part to understand the proposed mitigating actions so that I may respond responsibly.

Respectfully yours,
Jim Wilson

Kelli:

This is a formal request for an additional 45 days (to be added to the initial 45) for review and comment on the Hall Wines/Walt Ranch EIR. Clearly, it will take considerable effort to read and consider 1,588 pages of information. Thank you.

Hello Kelli,

Thank you for your response. I am working with the Circle Oaks County Water District on an appropriate response to the Draft EIR. As you know, working with an agency which operates under the Brown Act is cumbersome and time consuming. An additional 45 days would be very helpful.

Thank you....Richard A. Cannon

Ms. Cahill - Given that we chose to live in this beautiful part of Napa County, and that it has always been considered rural, we certainly respect the Hall Wines decision to increase production and exercise their rights for expansion- We do however have Hundred's of Families living here and want to peacefully co-exist with the Wine operations- Given the potential impact on OUR **SELF FUNDED WATER DISTRICT AND COMMUNITY INFRASTRUCTURE** WE SIMPLY NEED MORE EXPERT REVIEW TO ENSURE WE CAN provide safe clean drinking water and a community for our children and elders alike. I would respectfully request a MINIMUM 90 day extension on the closing of the EIR, in order to get the information we need so we may make intelligent decisions. We want to assure our loved ones that they will be able to continue to live here safely for years to come and raise our children's children as well-

Hello Kelli,
My wife and I live in Circle Oaks. We would be very appreciative if an extension could be granted to allow us (the Circle Oaks community) time to review and discuss the EIR. The reason for requesting an extension is the size of the EIR requires a significant amount of time to adequately understand.
Thank you for your consideration.

Hello,

My family is located in the Circle Oaks Subdivision right below the Walt Ranch.

On Wednesday August 6th, there is a Planning Department meeting.

The EIR report is over 1500 pages long. Given the importance of this issue to Circle Oaks, most people feel we need more time to review and understand this huge amount of information.

Could you please extend the period for review?

Kind Regards,

Dear Kelli,

I am a Circle Oaks homeowner and would very much appreciate a extension of time from the county to further review the proposed Hall Winery project that both I and my neighbors feel will significantly impact our community. It's a very involved project that needs to be addressed by the community and the time limit given by the county to review this plan is too short.

Ms. Cahill,

We are longtime residents and active members in the community of Circle Oaks. We are greatly concerned by the EIR documents issued by Hall Winery- not only the length, but the contents.

The timeline given for review, 45 days, makes it nearly impossible for our community to completely review and discuss this report.

We are requesting an extension for the review of the Hall Winery EIR documents.

Thank you for your attention to this very important matter.

As a resident of Circle Oaks, I am alarmed by planned expansion of vineyard operations by Hall Wines. The brief time allotted to review, understand, and perhaps prepare a response, to the recently published EIR is inadequate. In light of the volume of data involved in this 1500 page report and it's potential impact on our small hillside community, I would urge considerably more time for review.
