In compliance with the provisions of Section 2279 of the California Food and Agriculture Code, I hereunder submit this report of the agricultural production for Napa County for calendar year 1990. This report deals with the gross value of production and does not attempt to reflect net farm income nor cost of production and marketing.

Gross value of all production was \$147,257,000, a decrease of \$13,775,000 from 1989. This was due primarily to a decrease in winegrape production.

This report was compiled by Mike Dannenberg, Deputy Agricultural Commissioner. We would like to express our appreciation to the producers, processors, government agencies and others who contributed information to make this report.

Respectfully submitted,

Stephen J. Bardessono
Agricultural Commissioner
