Vince Ferritole - District 1 Mel Varrelman - District 3

Paul Battisti - District 4 Mike Rippey - District 5

In compliance with the provisions of Section 2279 of the California Food and Agricultural Code, I hereunder submit this report of the agricultural production for Napa County for calendar year 1993. This report deals with the gross value of production and does not attempt to reflect net farm income nor cost of production and marketing.

Gross value of all production was \$ 141,386,000, a decrease of \$ 32,656,000 from 1992. This was due primarily to a slight decrease in winegrape prices and a 17.5% decrease in production.

This report was compiled by Mike Dannenberg, Deputy Agricultural Commissioner, and I would like to thank him and other members of the staff who helped create this report. We would like to express our appreciation to the producers, processors, government agencies and others who contributed information to make this report possible.

Respectfully submitted,

David R. Whitmer
Agricultural Commissioner
