

PUBLIC NOTICE

CALIFORNIA ACCIDENTAL RELEASE PREVENTION PROGRAM RISK MANAGEMENT PLAN

DOCUMENT REVIEW

Pursuant to the State of California Code of Regulations, Title 19, Division 2, Chapter 4.5, Section 2745.2(a)(4) and the California Health and Safety Code Section 25535.2, the County of Napa, Department of Planning, Building, and Environmental Services, as the administering agency for the California Accidental Release Prevention Program (CalARP), has finished a completeness review of the Risk Management Plan (RMP) for the handling of ammonia and sulfur dioxide submitted by:

Complete Welders Supply

The RMP is now available for public review and comment at the address below. The formal public comment period will last for 45 calendar days commencing with the date of this publication. Appointments to review the Risk Management Plan may be made with Doug Calhoun or Stephen Kim of Environmental Health Monday through Friday between 7:30 AM and 5:00 PM at the address below.
