**PROJECT GUIDANCE FOR
STORMWATER QUALITY COMPLIANCE**

PROJECT INFORMATION

Project Name	Bommarito Winery	Project Number	
Project Address	1109 Galleron Lane, St. Helena, CA 94574	Assessor's Parcel Number	030-080-003
Existing Development Permits Under Review or Issued			

EROSION & SEDIMENT CONTROL PLAN (ESCP) APPLICABILITY

Under Provision E.10 of a statewide Phase II municipal stormwater NPDES permit reissued by the California State Water Resource Control Board in 2013, requires Napa County to establish and enforce an erosion and sediment control program to minimize the discharge of sediment and construction related pollutants. All individuals undertaking public or private construction or ground disturbing activities must take steps to prevent the discharge of pollutants resulting from these activities. Specified projects that require local permits or trigger ground disturbance thresholds must prepare plans describing the BMPs that will be implemented. Refer to Napa County's Erosion and Sediment Control Plan Guidance Table 3, Levels of Erosion and Sediment Control Requirements, for a summary of the general levels of requirements that are further described in the guidance document. Please respond to the following questions.

- Does the project require a Grading Permit?

Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
-----	-------------------------------------	----	--------------------------
- Does the project proposed soil disturbance greater or equal to 10,000 square feet?

Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
Proposed Disturbed Soil Area:	<input type="text" value="1.84"/>	sq.ft.	<input type="checkbox"/>
		acres	<input checked="" type="checkbox"/>
- Does the project propose soil disturbance on slopes greater or equal to 5%?

Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
Maximum Percent Slope:	<input type="text" value="3%"/>		
- Does the project propose installation of new and/or reconstructed storm drains which discharge to a municipal storm system or receiving water body?

Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
-----	--------------------------	----	-------------------------------------

For County Use Only:

	High	Medium	Low	N/A
Threat to Water Quality	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Construction General Permit WDID# (if applicable):
