Re: Public Contract Code § 22031(b)(2); New Road Construction or Reconstruction by Force Account

Whereas, as set forth under Chapter 2.40 of the Napa County Code the Board of Supervisors has created the position of Roads Commissioner;

Whereas, pursuant to Part I: Section 38 of the Napa County Policy Manual, the Board of Supervisors delegated the authority to the Roads Commissioner to have any work upon County highways done under the Roads Commissioner's supervision and direction by having the work done utilizing any of the options set forth in Section 20395 of the Public Contract Code;

Whereas, Public Contract Code section 22031(b)(2) and Napa County Code section 2.38.050 enable the Road Commissioner to continue to utilize the procedures set forth in Article 25 (commencing with Section 20390) of Chapter 1 of the Public Contract Code, as an alternative to the procedures set forth in the Uniform Public Construction Cost Accounting Act; and

Whereas, prior to commencing work on any new road construction or road reconstruction with the County's own forces, Public Contract Code section 22031(g) requires either the Board of Supervisors or Road Commissioner to publicly declare the County's intent to perform that work in accordance with the Road Commissioner's authority under section 20395(c).

Now therefore, I hereby declare as the Napa County Roads Commissioner, that as an alternative to the procedures set forth in the Uniform Public Construction Cost Accounting Act, I intend to utilize the procedures set forth in Article 25 (commencing with Section 20390) of Chapter 1 of the Public Contract Code in connection with the following work anticipated to be commenced on or around October 14, 2019: RDS 19-64 Asphalt overlay over the entire width of Devlin Road from Tower Road to South Kelly Road.

Juan Arias

Deputy Director of Public Works / Napa County Roads Commissioner
