Dear Property Owner / Resident,

This letter is sent to you to provide additional updates on the construction schedules for the above referenced 2017 Storm Slide Repair Projects. As mentioned in the previous notification letter, you can stay informed of the construction schedules by visiting www.nixle.com or www.countyofnapa.org websites.

As shown in Attachment 'A' on the next page, construction is scheduled to begin on March 9, 2020 and complete by July 6, 2020 (at Dry Creek Road MPM 10.5, 7.75, 7.51) and September 24, 2020 (at Mt. Veeder Road MPM 4.75), weather permitting.

Although one lane access will remain available at each of the Dry Creek Road sites, construction at Mt. Veeder Road site will require a full closure of the road from April 20, 2020 to July 9, 2020. Advanced signage will be placed at various locations to warn drivers of the closure.

These slide repair projects propose to restore the damaged roadway with newly constructed retaining walls and pavement repair. The projects are partially funded by FEMA, California Office of Emergency Services (Cal OES), and local funds.

We are providing contact information for the construction management team below. If you have any questions during the construction phase, please contact one of us.

1. Dewey Phan, Project Manager at 707-259-8279
2. Gary Marhofer, Project Inspector at 707-334-0459 (cell)
3. Graham Wadsworth, Engineering Supervisor at 707-259-8331
