## MEMORANDUM

To: Napa County EMS System	From: Zita Konik, MD, EMS Medical Director Shaun Vincent, EMS Administrator
Date: August 3, 2020	Re: New EMS Specialist

The Napa County EMS Agency is pleased to welcome the newest member of our team, EMS Specialist David Kamlan. With almost 30 years of experience in emergency medical services, David has served as an EMT, Firefighter, Paramedic, educator, and his research has been published in peer reviewed literature.

David has served in a clinical leadership role for the Laguna Seca Raceway, Set Director for Urban Shield, and is on the Board of Directors for the National EMS Memorial Foundation, a non-profit organization that is building a memorial in Washington DC for EMS workers. David comes to us from ZOLL Circulation. As the Manager of Clinical Education and Training, David managed clinical research and training projects throughout the organization and served as the voice of the customer.

David is an active member of the Bay Area's Urban Area Security Initiative (UASI) and is currently finishing his bachelor's degree in Homeland Security at Thomas Edison State University.

Over the coming weeks, David will be getting up to speed on Napa County's policies, field treatment guidelines, ordinances, and response plans and familiarizing himself with the Napa County EMS System. Please join me in welcoming him as he meets all of you through this process.
