

Addendum to 2019 Version of the Election Administration Plan for November 3, 2020 General Election

Our outreach and education plans for the November 3, 2020, General Election will address recent changes in the law and the response to COVID-19, including:

- A reduction from 11 days to 4 days for voting in vote centers.
- Health and safety practices implemented at our vote centers designed to keep poll workers and voters safe in accordance with state and county public health standards.
- Steps voters can take to ensure they vote and return their ballot safely.
- Additional language coverage for education and outreach required under California Elections Code section 14201.

Page number and paragraph locations for changes or additions are listed below.

Page 1 – The last paragraph under the heading “Vote By Mail Ballots” will be amended to read as follows

A registered voter may request a replacement ballot by phone, email, fax or our website until one week prior to Election Day. Due to COVID-19, we want to encourage voters to use their original Vote By Mail Ballot. An electronic means for voters to obtain a replacement ballot rather than appearing in person will be provided upon voter request. In order to accommodate requests, a Remote Accessible Vote By Mail ballot (RAVBM) will be made available to all voters.

Page 2 – Addition of the following Paragraph directly under the heading “Vote Center Operation.”

Due to COVID-19, the addition of Personal Protective Equipment (PPE) will be supplied to each Voter Center. This will include masks, gloves, hand sanitizers, face shields, sneeze guards, temperature monitoring and social distancing enforcement. The number of voters allowed inside each Vote Center will be limited to meet social distancing guidelines.

Page 2 – Amendment to the second paragraph under the heading “Vote Center Operations” to read as follows.

Due to COVID-19, the 10-day Center will be closed. All Vote Centers will be in full operation beginning the Saturday before the election.

Page 3 – The graph at the top of the page has been amended as shown below due to temporary changes in election code made for the November 2020 election.

Days Before the Election	Number of Registered Voters Per Vote Center	Vote Centers Required By Code	Vote Center Accessible to the Public
3	10,000	8	9
