1. INTRODUCTION

1.1. Purpose

By adopting these General Aviation Minimum Standards as well as through its other policies, Napa County desires to: (a) plan, develop, operate, and manage the Airport in such a manner so as to ensure the Airport's long-term financial health, (b) protect and promote the health, safety, security, and general welfare of the public, and (c) encourage the provision of the type, level, and quality of General Aviation products, services, and facilities desired by the public.

The purpose of these General Aviation Minimum Standards (Minimum Standards) is to encourage and promote: (a) the consistent provision of high quality Commercial General Aviation products, services, and facilities at the Airport, (b) the orderly development of General Aviation land and high-quality General Aviation Improvements at the Airport, (c) safety and security at the Airport, and (d) the economic health of General Aviation Operators at the Airport.

Commercial General Aviation Aeronautical Activities (Activities) may be proposed that do not fall within the categories designated herein. In such a case, appropriate minimum standards shall be established by the County on a case-by-case basis.

All qualified and experienced entities desirous of engaging in Activities at the Airport shall be accorded a reasonable opportunity, without unjust discrimination, to engage in such Activities, subject to complying with these Minimum Standards.

Specialized Aviation Service Operators (SASO) are encouraged to be Sublessees of a Fixed Base Operator (FBO); however, if suitable land or Improvements are not available or cannot be secured from an FBO, SASOs may (if available): (a) Sublease Improvements from another SASO and/or (b) lease land and/or Improvements from the County.

In the County's sole discretion, the County may lease portions of County owned and Operated Improvements to a SASO which shall be considered a Sublessee for compliance with these Minimum Standards.

1.2. PMCD General Provisions

These Minimum Standards incorporate, by reference, the Primary Management and Compliance Documents (PMCDs) General Provisions set forth in Appendix A – PMCD General Provisions of the Rules and Regulations.

1.3. PMCD Definitions

The terms defined in Appendix B – Definitions and Acronyms of the Rules and Regulations and identified by use of a capital letter, whenever used in these Minimum Standards, shall be construed as defined therein unless (from the context) a different meaning is intended or unless a different meaning is specifically defined. Words or phrases that are not defined shall be construed consistent with common meaning or as generally understood throughout the aviation industry.

1.4. Exclusive Rights and Airport Sponsor Assurances

Granting rights or privileges to engage in Activities shall not be construed in any manner as affording any entity an Exclusive Right, other than the exclusive use of the land and/or Improvements that may be leased to an entity and then only to the extent provided in an Agreement in accordance with federal/state Airport Sponsor Assurances (Assurances) agreed to by the County as a condition of receiving federal/state funds.

However, an airport sponsor may elect to provide certain Activities directly (i.e., products, services, and facilities can be provided by the sponsor's Employees using the sponsor's Vehicles, Equipment, and resources) in which case, the airport sponsor can exercise its proprietary Exclusive Right – as allowed in the Assurances.

The presence of only one Operator engaged in a particular Activity does not, in and of itself, indicate that an Exclusive Right has been granted. It is the policy of the County not to enter into or promote an understanding, commitment, or express Agreement to exclude other reasonably qualified and experienced entities. Accordingly, those entities who desire to enter into an Agreement with the County should neither expect nor request that other entities who also desire to engage in the same or similar Activities be excluded.

While any entity wishing to engage in Activities at the Airport shall comply with these Minimum Standards, the County in its sole discretion shall determine whether any land and Improvements, or additional land and Improvements, shall be made available for the Activity will be made available.

1.5. Pioneering Period

The County may, at its sole discretion, enter into an Agreement under terms and conditions that may be less than those outlined in the Minimum Standards for a limited period of time (known as the pioneering period).

1.6. Applicability

These Minimum Standards specify the standards and requirements which must be complied with by any entity desiring to engage in Commercial Activities at the Airport. Throughout these Minimum Standards, the words "standards" or "requirements" shall be understood to be modified by the word "minimum" except where explicitly stated otherwise. Any required determinations, interpretations, or judgments regarding compliance with such standard or requirement, shall be made by the County.

- All entities may exceed the applicable standards or requirements.
- No entity shall be allowed to engage in Activities at the Airport under conditions that do not comply with these Minimum Standards, unless an exemption or variance has been approved by the County consistent with Appendix A-17 of the Rules and Regulations.

These Minimum Standards shall apply to any new Agreement or any new amendment to any existing Agreement relating to the leasing and/or occupancy of land or Improvements for Activities. If an Operator desires, under the terms of an existing Agreement, to change its Activities, the Operator shall comply with these Minimum Standards, unless an exemption or variance has been granted by the County.

- These Minimum Standards shall not affect any Agreement or amendment thereto properly executed prior to the date of adoption of these Minimum Standards except as provided for in such Agreement, in which case, these Minimum Standards shall apply to the extent permitted by such Agreement.
- These Minimum Standards shall not be deemed to modify any existing Agreement under which an Operator is required to exceed these Minimum Standards nor prohibit the County from entering into or enforcing an Agreement or amendment thereto that requires an Operator to exceed these Minimum Standards.

Any entity currently engaging in Activities without an Agreement shall have six months from the date of adoption, to comply with these Minimum Standards.

If these Minimum Standards are amended after an Operator enters into an Agreement with the County, entity shall not be required to comply with the amended Minimum Standards, except as provided for in such Agreement, until:

- such time as entity's existing Agreement is amended or renewed,
- the County approves an assignment to another entity, or
- entity enters into a new Agreement with the County.

2. GENERAL REQUIREMENTS

2.1. *Introduction*

An Operator engaging in Activities at the Airport shall comply with or exceed the standards and requirements of this section as well as the minimum standards applicable to each Activity, as set forth in subsequent sections.

2.2. *Experience/Capability*

An Operator shall, in the judgment of the County, demonstrate before and throughout the term of the Agreement, the financial wherewithal and technical capability of paying all rents, fees, or other charges owed the County; developing and maintaining the required land and Improvements; procuring and maintaining the required Vehicles, Equipment, and/or Aircraft; employing required Employees; and engaging in the Activities.

An Operator shall, in the judgment of the County, demonstrate before and throughout the term of the Agreement, the capability of consistently providing the required Commercial General Aviation products, services, and facilities and engaging in the required Activities in a safe, secure, efficient, courteous, prompt, and professional manner in service to and to the benefit of the public.

2.3. *Agreement*

Entity shall not engage in Activities at the Airport without an Agreement authorizing such Activities. Agreement shall not reduce or limit Operator's obligations with respect to complying with these Minimum Standards.

2.4. *Payment of Rents, Fees, and Charges*

An Operator shall pay the rents, fees, or other charges on time, as specified by the County for engaging in Activities. The County may, at its option, enforce the payment of any rent, fee, or other charge due and owing to the County by any legal means available to the County under any Agreement and as provided by Legal Requirements.

2.5. *Leased Premises*

An Operator shall lease or Sublease Contiguous land and/or lease, Sublease, construct, or have immediate access to Improvements for the Activities as required in these Minimum Standards.

Approval – Construction of any Improvements must be approved in advance by the County, in accordance with the Development Standards and any Agency having jurisdiction.

Contiguous Land – All required Improvements including, but not limited to, Ramp, Paved Tiedowns, facilities, and Vehicle parking (but excluding Fuel storage facilities) shall be located on Contiguous land.

Lessees shall have adequate Leased Premises to accommodate all Activities of Lessee and all approved Sublessees, as required in these Minimum Standards.

Ramp/Paved Tiedowns –Ramp/Paved Tiedowns must be:

- contiguous and separated by no more than a Taxilane which allows entity to taxi or tow Aircraft without traversing a Taxiway or public roadway;
- of adequate size and weight bearing capacity to accommodate the movement, staging, and parking of the largest Aircraft currently and/or anticipated to utilize the Operator’s Leased Premises;
- able to accommodate the Operator’s Aircraft fleet based at the Airport; and
- located so as to provide unimpeded movement of Aircraft in and out of other facilities and/or operating to and from Taxilanes or Taxiways.

If an Operator utilizes a Hangar for storing Operator’s Aircraft fleet and Operator does not handle or store customer Aircraft, Tiedowns are not required.

Vehicle Parking – Paved Vehicle parking shall be sufficient to accommodate all Vehicles and Equipment currently utilizing the Operator’s Leased Premises on a daily basis.

- Leased Premises that require public access shall have direct Landside access.
- Paved Vehicle parking shall be located in close proximity to Operator’s primary facility.
- On-street Vehicle parking is not permitted.

Hangars – Hangars identified throughout these Minimum Standards shall meet the following minimum door height and door width (in feet) requirements (for the type of Aircraft being serviced), unless otherwise stipulated in these Minimum Standards.

	Door Height	Door Width
Single-engine Piston	12	40
Multi-engine Piston	16	50
Turboprop	18	60
Turbojet	26	100

Hangar door heights and door widths may be less if the Hangars are single structures not less than 6,000 square feet, subdivided and configured (although each unit shall not be less than 1,000 square feet) to accommodate individual bays for storage of Single-Engine Piston Aircraft.

2.6. Products, Services, and Facilities

To ensure compliance with the Assurances, an Operator shall:

- provide products, services, and facilities on a reasonable, and not unjustly discriminatory, basis to all Airport users and
- charge reasonable, and not unjustly discriminatory, prices for each product, service, or facility.

An Operator may provide reasonable discounts, rebates, or other similar types of price reductions based on the type, kind, or class of Airport user or the volume purchased. In the event of a complaint and upon request, an Operator shall submit a schedule of product, service, and facility pricing to the County within 10 business days. In addition to identifying the Operator’s product, service, and facility pricing, the schedule shall identify any discounts, rebates, or other similar types of price reductions offered by the Operator.

An Operator shall engage in its Activities in a safe, secure, efficient, courteous, prompt, and professional manner consistent with the degree of care and skill exercised by qualified and experienced operators providing similar products, services, and facilities at comparable airports.

2.7. Licenses, Permits, Certifications, and Ratings

An Operator and Operator's employees shall obtain and comply with, at Operator's or employee's sole cost and expense, all necessary licenses, permits, certifications, and/or ratings required for the provision of Operator's Activities as required by the County or any other duly authorized Agency having jurisdiction prior to engaging in Activities at the Airport.

- An Operator shall keep in effect and post in a prominent place, readily accessible and/or visible to the general public, copies of all necessary or required licenses, permits, certifications, or ratings.
- Upon request, an Operator shall provide copies of such licenses, permits, certifications, or ratings to the County within 10 business days.

Operators engaged in Activities at the Airport, whether using or occupying Airport land and/or Improvements, shall adhere to the practices recommended by the FAA and shall comply with all Safety Management Systems (SMS) Legal Requirements and directives issued by the County.

An Operator shall obtain a Commercial Operator Permit as outlined in Section 14 of these Minimum Standards from the County prior to engaging in Activities.

2.8. Employees

All Commercial Aeronautical Operators shall employ a qualified, experienced, and professional on-site manager who shall be fully responsible for the day-to-day management of Operator's Activities.

- The person managing Operator's Activities shall have at least five years recent experience engaging in similar Activities at a comparable airport.

During Operator's hours of Activities, a qualified, experienced, and professional on-site supervisor shall be Readily Available and authorized to represent and act on behalf of Operator with respect to Operator's Activities. An Operator shall have in its employ, on duty, and be immediately available during hours of Activities, properly trained and qualified Employees in such numbers as are required to comply with these Minimum Standards and to meet the reasonable demands of customers for each of the Operator's Activities.

An Operator shall control the conduct, demeanor, and appearance of Operator's employees. It shall be the responsibility of Operator to maintain close supervision over Operators employees to ensure high quality products, services, and facilities are consistently provided in a safe, secure, efficient, courteous, prompt, and professional manner.

2.9. Aircraft, Equipment, and Vehicles

Aircraft, Equipment, and Vehicles required in these Minimum Standards must be fully operational, in compliance with applicable Legal Requirements, and available at all times and capable of providing all required products and services in a manner consistent with the intended use. Aircraft, Equipment, and Vehicles may be unavailable, from time to time, on a temporary basis, for a reasonable period of time, due to routine or emergency maintenance as long as:

- appropriate measures are being taken to return the Aircraft, Equipment, or Vehicle to service as soon as possible, or
- fully operational back-up Aircraft, Equipment, or Vehicle is available within a reasonable period of time to provide the required product or service.

2.10. Hours of Activities

An Operator's hours of Activities and contact information for after-hours services shall be clearly posted in public view using appropriate and professional signage. Unless otherwise stated in these Minimum Standards, Operator's Activities shall be continuously offered and available to meet reasonable demand of customers for a minimum of eight hours per day between the hours of 6:00 a.m. to 6:00 p.m. Monday through Friday excluding holidays or as otherwise specified in an Agreement.

Unless otherwise stated in these Minimum Standards, Operator's Activities shall be available all other times (after-hours), on-call, with response time not to exceed one hour.

2.11. Security

An Operator shall designate a responsible person for the coordination of all security procedures and communications and provide point-of-contact information to the County including the name of the primary and secondary contacts and a 24-hour telephone number for both individuals.

An Operator shall develop and maintain a Security Plan for Operator's Leased Premises and Activities.

- Security Plan shall be submitted to the County for review no later than 30 calendar days before Operator is scheduled to commence Activities and it shall be resubmitted any time changes are made.
- Upon request, Operators that are required to comply with a Transportation Security Administration (TSA) security program must demonstrate written compliance with all relevant and applicable TSA requirements to the County within 10 business days.

An Operator must comply with applicable reporting requirements as established by the County, FAA, Department of Homeland Security (DHS), TSA, and any other Agencies.

2.12. Insurance

An Operator shall procure, maintain, and pay all premiums throughout the term of Agreement for the applicable insurance coverage set forth in Attachment A (Minimum Insurance Requirements) of these Minimum Standards. The insurance company or companies underwriting the required policies shall be authorized to write such insurance in the State of California (with a Best rating of A or above) or be approved in writing by the Airport Manager in consultation with Risk Management.

- When coverages or amounts set forth in Attachment A (Minimum Insurance Requirements) are not commercially available, appropriate replacement coverages or amounts must be approved in writing at least 60 calendar days in advance by the County.
- The County reserves the right to require more or different types of insurance coverage based on entity's individual risks or exposures associated with Operator's Activities.
- The County reserves the right to establish higher minimum coverage requirements when an Operator engages in more than one Activity.
- While it may not be necessary for Operator to procure and maintain insurance for the combined total of the minimum requirements of each Activity, Operator shall procure and maintain insurance in amounts at least equal to the greatest of those minimums.

All insurance policies, which Operator is required to carry and keep in full force and effect, shall contain, or be endorsed to contain, the following provisions.

- "Napa County and/or the Napa County Board of Supervisors, individually and collectively, and its representatives, officers, officials, employees, agents, and volunteers are to be covered as

- additional insured with respect to: liability arising out of activities performed by or on behalf of entity; premises owned, leased, occupied, or used by entity; or vehicles, equipment, or aircraft owned, leased, hired, borrowed, or operated by entity. Such insurance shall provide primary coverage and shall not seek any contribution from any insurance or self-insurance carried by agent or the Napa County.”
- “Such insurance, as to the interest of Napa County only, shall not be invalidated by any act or neglect or breach of contract of entity. Any failure to comply with reporting or other provisions of the policies, including any breach of warranty, shall not affect coverage provided to Napa County and/or the Napa County Board of Supervisors, individually and collectively, and its representatives, officers, officials, employees, agents, and volunteers. Entity’s insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the aggregate limits of the insurer’s liability.”
 - “Coverage shall not be suspended, voided, or canceled by either party or reduced in coverage or in limits except after 30 calendar days prior written notice, 14 calendar days prior written notice for cancelation for non-payment of premium, by certified mail, return receipt requested, has been given to Napa County.”

Companies issuing required insurance policies shall have no recourse against the County for payment of premiums or assessments for any deductibles that are the sole responsibility and risk of the Operator. Certificates of Insurance for the insurance coverages required by Legal Requirements and set forth in these Minimum Standards shall be delivered to the County upon execution of any Agreement, or when approval is given by the County to conduct Activities. Thereafter, Operator shall ensure the County is provided annual Certificates of Insurance prior to the end of the term of the existing Certificate of Insurance. In addition, An Operator shall furnish a Certificate of Insurance if any change (e.g., changing underwriters, coverages, or amounts) occurs.

An Operator with known environmental contamination exposures shall be required to secure appropriate environmental liability insurance with coverage amounts appropriate for the type and level of environmental contamination exposure risk. The insurance coverage and amount shall be determined by the County and its sole discretion.

2.13. Indemnification and Hold Harmless

An Operator shall defend, indemnify, save, protect, and hold harmless the County, its representatives, officers, officials, employees, agents, and volunteers from and against (and reimburse the County for) any and all actual or alleged claims, demands, damages, expenses, costs, fees (including, but not limited to, attorney, accountant, paralegal, expert, and escrow fees), fines, environmental costs, and/or penalties (collectively referred to as costs) which may imposed upon, claimed against or incurred or suffered by the County and which, in whole or in part, directly or indirectly, arise from or are in any way connected with any of the following: (a) any act, omission, or negligence of Operator or Operator’s partners, officers, directors, agents, employees, invitees, or contractors, (b) any use or occupation, management or control of the Operator’s Leased Premises, whether or not due to Operator or Operator’s own act or omission, (c) any condition created in or about the Operator’s Leased Premises after the effective date, and (d) any breach, violation, or nonperformance of the Operator or the Operator’s obligations under any Agreement.

The duty of the Operator to indemnify and save harmless as set forth herein, shall include the duty to defend as set forth in Section 2778, as amended from time to time, of the California Civil Code.

In the event of an environmental law violation or an environmental contaminating accident or incident caused by Operator or Operator's employees, vendors, suppliers, contractors, or any other entity associated with Operator or in the event any of these entities violates any environmental law, the Operator shall accept total responsibility and defend, indemnify, save, protect, and hold harmless the County and its representatives, officers, officials, employees, agents and volunteers.

Nothing herein shall constitute a waiver of any protection available to the County and its representatives, officers, officials, employees, agents, and volunteers under the State of California's governmental immunity act or similar statutory provision.

2.14. Enforcement

In the event an entity fails to comply with these Minimum Standards, the County shall send a written statement of violation to such entity at its last known address. The entity shall have 10 business days within which to provide a written statement to the County explaining why the violation occurred and (a) to advise the County that the violation has been corrected or (b) when and how the violation will be corrected. The County, in its sole discretion, has the right to suspend the entity's Activities and/or revoke the entity's privileges at the Airport, as the County deems necessary in order to obtain a correction of the violation. In addition, any such violations shall be taken into consideration any time the entity submits an application with the County or otherwise seeks its permission or approval. The entity shall pay for any costs incurred by the County, including but not limited to, attorney fees, expert witness fees, court costs, and other legal costs, etc.

2.15. Taxes

An Operator shall, at its sole cost and expense, pay all taxes, fees, and other charges, that may be levied, assessed, or charged by any duly authorized Agency, relating to the Operator's Activities conducted at the Airport. If the taxes are contestable (and contested by the Operator), Operator shall pay the fine or penalty if upheld by the Agency having jurisdiction.

2.16. Multiple Activities

When more than one Activity is conducted by an Operator at the Airport, the minimum standards or requirements for the combined Activities shall be established by the County.

The minimum standards or requirements for combined Activities shall not be:

- less than the highest standard or requirement for each element (e.g., land, facilities, etc.) within the combined Activities, or
- greater than the cumulative standards or requirements for all of the combined Activities.

3. FIXED BASE OPERATOR

3.1. Introduction

Fixed Base Operator (FBO) – An Operator engaged in the sale and delivery of products and services and the Subleasing of facilities including, at a minimum, the following Activities:

Activities	Standard	Notes
Aviation Fuels and lubricants	Yes	May only be provided by an authorized FBO
Aircraft ground handling services	Yes	May only be provided by an authorized FBO
Passenger and crew services	Yes	May only be provided by an authorized FBO
Aircraft storage/parking	Yes	
Aircraft maintenance	Yes	To be provided in compliance with Section 3.2
Aircraft charter	Yes	To be provided in compliance with Section 3.2

In addition to the General Requirements set forth in Section 2, FBO shall comply with the following minimum standards set forth in this section. When requesting proposals for an FBO, County reserves the right to request higher minimums than those set forth within this section.

3.2. Scope of Activities

Unless otherwise stated in these Minimum Standards, all required products and services shall be provided by FBO’s Employees using the FBO’s Aircraft, Vehicles, Equipment, and resources.

Aviation Fuels and Lubricants – FBO shall sell, deliver, and/or dispense, upon request, the following aviation Fuels and lubricants into all General Aviation Aircraft and shall be able to deliver and dispense, upon request, into all Air Carrier, government, and military Aircraft using the Airport.

Aviation Fuels and Lubricants	Standard	Notes
Jet Fuel	Yes	
Avgas	Yes	
Lubricants	Yes	
Response time (minutes)	15	From time of customers’ request during required hours of Activities, except in circumstances or situations beyond the control of the FBO

FIXED BASE OPERATOR

Aircraft Ground Handling Services – FBO shall provide, upon request, the following Aircraft ground handling services for General Aviation, government, and military Aircraft using the Airport:

Aircraft Ground Handling Services	Standard	Notes
Marshalling arriving/departing Aircraft	Yes	
Parking and tiedown	Yes	
Towing	Yes	
Oxygen	Yes	To be provided in compliance with Section 3.2. (Aircraft Maintenance)
Nitrogen	Yes	To be provided in compliance with Section 3.2 (Aircraft Maintenance)
Compressed air	Yes	
Lavatory service	Yes	
Potable water	Yes	
Ground power (Direct Current or DC)	Yes	
Assistance to disabled Aircraft	Yes	To be provided in compliance with Section 3.11

Passenger and Crew Services – FBO shall provide, upon request, the following passenger and crew services for General Aviation, government, and military Aircraft using the Airport:

Passenger and Crew Services	Standard	Notes
Concierge services	Yes	
Cabin services	Yes	Includes ice, coffee, newspapers, other cabin supplies, cabin cleaning, and trash removal
Courtesy transportation	Yes	Utilizing FBO’s Vehicles for passenger, crew, and baggage, as necessary and/or appropriate
Ground transportation arrangements	Yes	Includes Limousine, shuttle, rental car, and/or taxi
Accommodation arrangements	Yes	
Catering arrangements	Yes	
Wireless Internet Service (Wi-Fi)	Yes	Available in the public space of the FBO Terminal Building

Aircraft Storage – FBO shall develop, own, and/or lease facilities for the purpose of Subleasing Aircraft storage facilities. Aircraft storage facility requirements are stipulated in Section 3.3. Leased Premises.

Aircraft Maintenance – FBO shall provide Aircraft Maintenance in accordance with Section 4 of these Minimum Standards for the following General Aviation Aircraft:

General Aviation Aircraft	Standard	Notes
Fixed wing: Piston	Yes	
Fixed wing: Turboprop	Yes	
Fixed wing: Turbojet	Line Only	General Aviation Aircraft up to Group III Turbojet Aircraft not exceeding 100,000 pounds maximum gross takeoff weight, see definition of Aircraft Line Maintenance
Part 145 Repair Station	Yes	

- FBO can meet these requirements by arrangement (and through agreement – a copy of which must be provided to the County) with an authorized Operator who meets the minimum standards for Aircraft Maintenance Operator and operates at the Airport.
- FBO shall be able to provide wheel, brake, and battery service.

Aircraft Charter – FBO shall provide Aircraft Charter in accordance with Section 9 of these Minimum Standards.

- FBO can meet these requirements by arrangement (and through agreement – a copy of which must be provided to the County) with an authorized Operator who meets the minimum standards for Aircraft Charter Operator and operates at the Airport.

3.3. Leased Premises

FBO shall have adequate land and Improvements to accommodate all Activities of the FBO and all approved Sublessees, but not less than the following:

Contiguous Land and Ramp (square feet)	Standard	Notes
Contiguous Land (owned or leased Ramp)	174,240 (4 acres)	To include owned, leased, or managed Ramp
Contiguous Land (managed Ramp)	87,120 (2 acres)	If FBO does not own or lease the Ramp (i.e., FBO manages the Ramp on behalf of the County)

Improvements (square feet)	Standard	Notes
FBO Terminal Building (total)	5,000	
Customer area	4,000	Shall include passenger lounge, conference room, crew lounge, flight planning area, kitchen, vending, restrooms, and Wi-Fi 33 availability
Line/customer service area	500	Shall include adequate space for line/customer service work areas and storage
Sublease office area	500	Shall be available to accommodate offices, work areas, and storage for Sublessees
Aircraft Maintenance (total)	10,000	
Customer area	500	Customers shall have immediate access to FBO’s customer lounge and restrooms. If immediate access is not available, customer area shall be at least the stipulated square feet, to include adequate space for customer lounge and restrooms.
Maintenance area	1,000	Shall include adequate space for employee work areas, shop areas, and storage for Aircraft parts and equipment
Maintenance Hangar	8,500	Clear span (on a standalone basis or within another structure) and completely enclosed
Maintenance Hangar door height/width	28’/100’	
Community Hangar (total)	30,000	Clear span (on a standalone basis or within another structure) and completely enclosed
Door height/width	20’/80’	
Ramp	87,120 (2 acres)	Ramp, which can be owned, leased, or managed by the FBO, shall be associated with and located immediately adjacent to the FBO Terminal Building

Improvements (square feet)	Standard	Notes
Paved Tiedowns (number)	10	Adequate to accommodate the number, type, and size of General Aviation, government, and military Aircraft (Based Aircraft and Transient Aircraft) requiring Tiedown space on the Leased Premises

3.4. Fuel Storage Facility

FBO shall own or lease an above ground Fuel storage facility at the Airport in a location approved by the County. Fuel storage facility shall have total capacity for three days peak supply (excluding special events) of Fuels for Aircraft being serviced by FBO. In no event shall the total storage capacity be less than:

Fuel Storage Facility Capacity (gallons)	Standard	Notes
Jet Fuel (minimum total capacity)	20,000	
Number of tanks	2	FBO shall be capable of expanding its Fuel storage facility capacity within a reasonable period of time, if unable to meet demand
Avgas (minimum total capacity)	10,000	Unless FBO has a backup Avgas Fuel storage tank, a backup Avgas Fuel storage tank must be readily available through written agreement with a separate FBO (a copy of which must be provided to the County) which operates at the Airport.
Number of tanks	1	FBO shall be capable of expanding its Fuel storage facility capacity within a reasonable period of time, if unable to meet demand
Waste Fuel		FBO shall have adequate and proper storage for waste Fuel or test samples

FBO shall demonstrate that satisfactory arrangements have been made with a reputable Fuel supplier for the delivery of Fuels in the quantities necessary to meet the requirements set forth herein or the reasonable peak demands of customers. FBO shall provide the County with a written Spill Prevention, Control, and Countermeasures (SPCC) Plan that meets Legal Requirements for FBO’s Fuel storage facilities and Activities. An updated copy of the SPCC Plan shall be filed with the County at least 30 calendar days prior to any scheduled changes in operations. Fuel delivered, stored, or dispensed by FBO shall comply with the quality specifications outlined in American Society for Testing and Materials (ASTM) D 1655 (Jet Fuel) and ASTM D 1910 (Avgas). Ensuring the quality of the Fuel is the sole responsibility of FBO.

3.5. Fueling Reports

On or before the 10th calendar day of the subsequent month, FBO shall: (a) provide a summary report to the County identifying the number of gallons of aviation Fuel by Fuel type: (i) purchased by FBO, (ii) delivered to FBO’s Fuel storage facility, and (iii) dispensed by FBO at the Airport to FBO and customer Aircraft and (b) pay the appropriate fees due to the County.

Upon request, records and meters shall be made available for review by the County or its designated representative. In the case of a discrepancy between the amount of Fuel purchased by and/or delivered to FBO and the amount of Fuel dispensed by FBO, the greater amount shall prevail and the FBO shall promptly pay all additional fees due and owing the County, plus annual interest on the unpaid balance at the maximum rate allowable by law from the date originally due.

3.6. Fueling Equipment

FBO shall have the following Fueling Equipment and associated capacities:

FIXED BASE OPERATOR

Fueling Equipment	Standard	Notes
Jet Fuel		
Refueling Vehicle(s)	2	
Capacity of 1 st Refueling Vehicle (gallons)	3,000	
Capacity of 2 nd Refueling Vehicle (gallons)	2,200	
Fixed self-serve Fueling system	Optional	
Avgas		
Refueling Vehicle(s)	2	
Capacity of Refueling Vehicles (gallons)	750	
Fixed self-serve Fueling system (gallons)	Optional	

A fixed Avgas self-serve Fueling system can be substituted for one Avgas Refueling Vehicle. The system shall: (a) be constructed or installed in a location specified and approved by the County, which may not be contiguous to the other portions of FBO’s leasehold (b) be available and maintained by FBO for public Commercial use, and (c) have detailed and readily accessible instructions for the proper and safe operation of the system and a fully operational and readily accessible telephone, emergency shut-off, properly rated fire extinguisher, and Fuel spill kit.

Refueling Vehicles shall be equipped with metering devices that meet applicable Legal Requirements. One Refueling Vehicle dispensing Jet Fuel shall have over-the-wing and single point Aircraft servicing capability. All Refueling Vehicles shall be bottom loaded.

3.7. Equipment

FBO shall have the following Aircraft ground handling services Equipment:

Ground Handling Services Equipment	Standard	Notes
Ramp marshalling Vehicle(s)	1	
Marshalling wands	As required	
Equipment for securing Aircraft on the Ramp	Yes	Including ropes, chains, and/or other types of Aircraft restraining devices and wheel chocks which are required to safely secure Aircraft as described in AC 20-35 series
Towing Vehicle(s)	2	At least one having a rated draw bar capacity sufficient to meet the towing requirements of the heaviest General Aviation Aircraft normally frequenting the Airport
Tow bars/heads	As required	
Oxygen cart(s)	1	To be provided in compliance with Section 3.2. (Aircraft Maintenance)
Nitrogen cart(s)	1	To be provided in compliance with Section 3.2. (Aircraft Maintenance)
Compressed air unit(s)	1	
Lavatory service cart(s)	1	Sufficient to meet the requirements of the General Aviation Aircraft normally frequenting the Airport
Potable water unit(s)	1	
Ground power (Alternating Current or AC)	1	
Ground power (Direct Current or DC)	2	

Ground Handling Services Equipment	Standard	Notes
Spill kits	As required	Includes necessary Equipment and materials to contain and restrict a Fuel spill and restrict Fuel or other Hazardous Materials from flowing into drains and other areas, in compliance with the FBO's SPCC Plan.
Dry chemical fire extinguisher units	As required	Approved and regularly inspected dry chemical fire extinguisher units shall be maintained within all Hangars, on all Ramp areas, at all Fuel storage facilities, and on all ground handling and Refueling Vehicles and equipment.

FBO shall have the following passenger and crew services Equipment:

Passenger and Crew Services Equipment	Standard	Notes
Ramp transportation Vehicle(s)	1	To be utilized by FBO for transportation of passengers, crew, and baggage to and from destinations on the Ramp to the FBO Terminal Building and/or Vehicle parking area(s).
Courtesy Vehicle(s)	1	Must be able to transport 5 passengers
Crew car(s)	1	To be utilized by crew members for transportation of passengers, crew, and baggage to and from destinations on the Airport to local area resorts, hotels, and restaurants.

3.8. Hours of Activities

FBO Activities (except for Aircraft Maintenance) shall be continuously offered and available to meet reasonable demands of customers for these Activities, but not less than the following:

Hours of Activities	Standard	Notes
Hours	6:00am-10:00pm	
Days per week	7	
Holidays	Yes	
After-hours on-call response time	1 hour	

FBO's Aircraft Maintenance shall be open and services shall be continuously offered and available to meet reasonable demands of the public for this Activity as outlined in Section 2.10.

3.9. Employees

Employees, while on duty, shall be clean, neat in appearance, and at all times, properly uniformed. Uniforms shall identify the name of the FBO. Management and administrative employees shall not be required to be uniformed but shall possess County approved identification at all times.

FBO shall have properly trained and qualified Employees to provide Aircraft Fueling, Aircraft ground handling services, and passenger and crew services, as follows:

FBO Employees	Standard	Notes
Line service technician(s)		FBO shall have at least one supervisory line service technician (FBO Employee) trained in an FAA approved fire safety program (14 CFR Part 139.321).
During Hours of Activities	4	
Customer Service Representative(s)		A line service technician may fulfill the responsibilities of the customer service representative unless the line service technician is performing duties off the Leased Premises.

FIXED BASE OPERATOR

FBO Employees	Standard	Notes
During Hours of Activities	1	

FBO (or authorized Aircraft Maintenance Operator) shall comply with the Aircraft Maintenance Employee requirements identified in Section 4.

FBO (or authorized Aircraft Charter Operator) shall comply with the Aircraft Charter Employee requirements identified in Section 9.

3.10. Standard Operating Procedures

FBO shall develop and maintain standard operating procedures (SOP). FBO's SOP shall include, at a minimum, a training plan (including training on the County's Storm Water Pollution Prevention Plan – SWPPP), Fuel quality assurance procedures and associated record keeping, emergency response procedures to Fuel spills and fires, and Aircraft ground handling procedures.

FBO's SOP shall also address: (a) regular safety and security inspections, (b) bonding and fire protection, (c) public protection, and (d) marking and labeling of (and controlling access to) Refueling Vehicles, Fueling Equipment, and Fuel storage facilities.

FBO's SOP shall be submitted to the County no later than 30 calendar days before the FBO's Activities are scheduled to commence and shall be resubmitted any time changes are made.

Fuel storage facilities and Fueling Equipment shall be equipped and maintained to FBO's SOP and shall comply with applicable Legal Requirements and industry best practices including, without limitation, those prescribed by:

- National Fire Protection Association (NFPA) Codes;
- 14 CFR Part 139, Airport Certification, Section 139.321 "Handling/Storing of Hazardous Substances and Materials"; and
- applicable Advisory Circulars (ACs) including AC 00-34 series *Aircraft Ground Handling and Servicing*, AC 150/5210 series *Painting, Marking and Lighting of Vehicles Used on an Airport*, and AC 150/5230 series *Aircraft Fuel Storage, Handling, and Dispensing on Airports*.

3.11. Aircraft Removal

Recognizing that Aircraft removal is the responsibility of the Aircraft Owner or Aircraft Operator, FBO shall be prepared to lend assistance within 30 minutes from the time a request is made by the County or the Aircraft Owner or Aircraft Operator in order to maintain the operational readiness of the Airport. FBO shall prepare an Aircraft removal plan and have the necessary Equipment Readily Available to remove up to and including the following Aircraft:

Aircraft Removal	Standard	Notes
Aircraft Design Group	Group II Turbojet	

AIRCRAFT MAINTENANCE OPERATOR (SASO)

4. AIRCRAFT MAINTENANCE OPERATOR (SASO)

4.1. Introduction

Aircraft Maintenance Operator – An Operator engaged in providing Aircraft Maintenance for Aircraft other than those owned, leased, and/or operated by (under the full and exclusive control of) Operator.

In addition to the General Requirements set forth in Section 2, Operator shall comply with the following minimum standards set forth in this section.

For the purposes of these Minimum Standards, an A&P Mechanic, or an A&P Mechanic holding an inspection authorization (in compliance with 14 CFR Part 65.91) solely participating in Owner-Assisted Maintenance with an existing Licensee at the Airport shall not be required to comply with the minimum standards set forth in this section.

4.2. Leased Premises

An Operator shall have adequate land and Improvements to accommodate all Activities of Operator and all approved Sublessees, but not less than the following based on the type of Aircraft, which are not cumulative.

Leased Premises (square feet)	Single Engine Piston	Multi Engine Piston	Turboprop	Turbojet
Contiguous land (Lessee only)	21,780 (0.5 acres)	21,780 (0.5 acres)	32,670 (0.75 acres)	32,670 (0.75 acres)
Customer, Administrative, and Maintenance area	1,000			
Note	Administrative area shall include adequate and dedicated space for employee offices, work areas, and storage. Maintenance area shall include adequate and dedicated space for employee work areas, shop areas, and storage for Aircraft parts, accessories, related components, and Equipment.			
Customer area				
Note	Customer area is a subset of the Customer, Administrative, and Maintenance area and shall include adequate space for customer lounge and restrooms.			
Lessee	500			
Sublessee	Immediate access 500	Immediate access 500	Immediate access 500	Immediate access 500
Hangar	3,600	6,400	7,500	10,000
Note	Shall be at least equal to the square footage stipulated for the type of service being provided (as identified above) or large enough to accommodate the largest General Aviation Aircraft being serviced, whichever is greater.			

AIRCRAFT MAINTENANCE OPERATOR (SASO)

4.3. Employees

If an Operator is not certified as a Repair Station (as defined by 14 CFR Part 145), Operator shall, at a minimum, employ the following number of Employees who shall be available during the required hours of activity as follows:

Employees	Standard	Notes
A&P Mechanic(s)	1	An A&P Mechanic may fulfill the responsibilities of the customer service representative unless the A&P Mechanic is performing duties off the Leased Premises.
Customer Service Representative(s)	1	

If an Operator is not certified as a Repair Station (as defined in 14 CFR Part 145) and is providing annual or phase inspections, one A&P Mechanic shall have Inspection Authorization (IA).

4.4. Equipment

An Operator shall have necessary Equipment for the performance of services being provided in accordance with the manufacturer's specifications.

4.5. Hours of Activities

Except federal holidays, Operator shall be open and services shall be available to meet reasonable demands of customers for these Activities as set forth below:

Hours of Activities	Standard	Notes
Hours (per day) / Days (per week)	8 / 5	
After-hours	Prior arrangement	

4.6. Defueling

An Operator may only defuel Aircraft if necessary for Aircraft Maintenance purposes. Employees engaged in defueling and refueling shall be trained in an FAA approved fire safety program per 14 CFR Part 139.321. Additionally, Operator may refuel the defueled Aircraft following provision of required Aircraft Maintenance. Defueling and refueling shall not be construed to permit Operator to engage in the sale of Fuels as this Activity is specifically reserved for an FBO (see Section 3).

An Operator conducting defueling and refueling of Aircraft shall have adequate and proper Fuel storage, provide the County with a SPCC Plan for defueling, refueling, and Fuel storage, and conform to Section 3.5 and Section 3.10.

5. AVIONICS OR INSTRUMENT MAINTENANCE OPERATOR (SASO)

5.1. Introduction

Avionics or Instrument Maintenance Operator – An Operator engaged in the business of maintenance or alteration of one or more of the items described in 14 CFR Part 43 – Appendix A (i.e., Aircraft radios, electrical systems, or instruments) for Aircraft other than those owned, leased, and/or operated by (under the full and exclusive control of) Operator.

In addition to the General Requirements set forth in Section 2, Operator shall comply with the following minimum standards set forth in this Section.

5.2. Leased Premises

An Operator shall have adequate land and Improvements to accommodate all its Activities and those of any approved Sublessees. For Operators performing benchwork only (i.e., no removal or replacement services are being performed), the minimum Leased Premises requirements, which are not cumulative, are as follows.

Leased premises (square feet)	Standard	Notes
Contiguous Land (Lessee only)	10,890 (0.25 acres)	
Customer, Administrative, and Maintenance Area	1,000	Administrative area shall include adequate and dedicated space for employee offices, work areas, and storage. Maintenance area shall include adequate and dedicated space for employee work areas, shop areas, and storage for Aircraft parts and Equipment.
Customer area		Customer area is a subset of the Customer, Administrative, and Maintenance area and shall include adequate space for customer lounge and restrooms.
Lessee	500	
Sublessee	Immediate access 500	

For Operators performing services beyond benchwork (i.e., removal and replacement services are being performed), the minimum facility requirements are as follows.

Leased Premises (square feet)	Single Engine Piston	Multi Engine Piston	Turboprop	Turbojet
Land (Lessee only)	21,780 (0.5 acres)	21,780 (0.5 acres)	32,670 (0.75 acres)	32,670 (0.75 acres)
Customer, Administrative, and Maintenance area	1,000			
<i>Note</i>	Administrative area shall include adequate and dedicated space for employee offices, work areas, and storage. Maintenance area shall include adequate and dedicated space for employee work areas, shop areas, and storage for Aircraft parts, accessories, related components, and Equipment.			
Customer area				
<i>Note</i>	Customer area is a subset of the Customer, Administrative, and Maintenance area and shall include adequate space for customer lounge and restrooms.			

**AVIONICS OR INSTRUMENT
MAINTENANCE OPERATOR (SASO)**

Leased Premises (square feet)	Single Engine Piston	Multi Engine Piston	Turboprop	Turbojet
<i>Lessee</i>	500			
<i>Sublessee</i>	Immediate access 500	Immediate access 500	Immediate access 500	Immediate access 500
Hangar	3,600	6,400	7,500	10,000
<i>Note</i>	Shall be at least equal to the square footage stipulated for the type of service being provided (as identified above) or large enough to accommodate the largest General Aviation Aircraft being serviced, whichever is greater.			

5.3. Licenses and Certifications

An Operator shall be properly certified by the FAA as a Repair Station (as defined by 14 CFR Part 145). Employees shall be properly certified by the FAA and the Federal Communications Commission, current, and hold the appropriate ratings for the work being performed.

5.4. Employees

An Operator shall employ the number of Employees as required by 14 CFR Part 145.

5.5. Equipment

An Operator shall have necessary Equipment for the performance of services being provided in accordance with the manufacturer’s specifications and as defined by 14 CFR Part 145.

6. AIRCRAFT RENTAL OR FLIGHT TRAINING OPERATOR (SASO)

6.1. Introduction

Aircraft Rental Operator – An Operator engaged in the rental of Aircraft to the public.

Flight Training Operator – An Operator engaged in providing flight instruction to the public from leased or subleased premises of Operator’s.

A person holding a current FAA Flight Instructor certificate, who provides occasional Flight Training to an Aircraft Owner in the Owner’s Aircraft and is not compensated by the Aircraft Owner or any other party and does not make Flight Training available to the public, shall not be deemed a Commercial Activity.

In addition to the General Requirements set forth in Section 2, Operator shall comply with the following minimum standards set forth in this section.

6.2. Leased Premises

An Operator shall have adequate land and Improvements to accommodate all Activities of Operator and all approved Sublessee(s), but not less than the following, which are not cumulative.

Leased Premises (square feet)	Standard	Notes
Contiguous land (Lessee only)		
Without Hangar	10,890 (0.25 acres)	
With Hangar	21,780 (0.5 acres)	
Customer area		
Lessee	500	Shall include adequate space for customer lounge, class/training rooms, and restrooms.
Sublessee	250	Shall include adequate space for class/training rooms and immediate access to customer lounge and restrooms.
Customer service area	250	Shall include adequate and dedicated space for customer service work areas and storage as well as Wi-Fi___33 availability.
Self-maintenance		Only for Operators engaged in self-maintenance. If Operator provides Aircraft Maintenance on other Aircraft, Operator shall comply with the minimum standards for an Aircraft Maintenance Operator (Section 4).
Maintenance area	500	Shall include adequate and dedicated space for employee work areas, shop areas, and storage for Aircraft parts and Equipment.
Hangar	3,600	Shall be at least equal to the square footage stipulated or large enough to accommodate the largest Based Aircraft in Operator’s fleet, whichever is greater.

6.3. Licenses and Certifications

Employees performing Aircraft proficiency checks and/or Flight Training shall be properly certified by the FAA, current, and hold the appropriate ratings and medical certifications for the Aircraft being utilized and/or Flight Training being provided.

AIRCRAFT RENTAL OR FLIGHT TRAINING OPERATOR (SASO)

Flight Training Operators shall have available a properly certified ground school instructor capable of providing on-demand ground school instruction sufficient to enable students to pass the FAA written examinations for commercial pilot and instrument rating.

6.4. *Employees*

At a minimum, an Operator shall employ the following number of Employees who shall be available during required hours of activities.

Employees	Standard	Notes
Aircraft Rental Operator		
Employee(s)	1	
Customer Service Representative(s)	1	An Employee may fulfill the responsibilities of the customer service representative unless the Employee is performing duties off the Leased Premises.
Flight Training Operator		
Flight Instructor(s)	2	
Certified ground school instructor(s)	1	Capable of providing on-demand ground school instruction sufficient to enable students to pass the FAA written examinations for commercial pilot and instrument rating. May be fulfilled by a properly certified Flight Instructor.
Customer Service Representative(s)	1	A Flight Instructor may fulfill the responsibilities of the customer service representative unless the Flight Instructor is performing duties off the Leased Premises.

6.5. *Equipment*

An Operator shall have the following number of Aircraft available for rental or Flight Training, as applicable. All Aircraft shall be owned or leased by Operator (and operated under the full and exclusive control of Operator).

Equipment	Standard	Notes
Aircraft Rental Operator Aircraft		
Fixed wing: single-engine	2	One Aircraft must be IFR capable and four place.
Rotorcraft	2	
Flight Training Operator Aircraft		
Fixed wing: single-engine	2	One Aircraft must be IFR capable and four place unless Flight Training Operator is only providing sport pilot training.
Rotorcraft	2	

Flight Training Operators shall provide training aids necessary to provide ground school instruction.

6.6. *Hours of Activities*

An Operator shall be open, and services shall be available, to meet reasonable demands of customers for these Activities, but not less than the following:

Hours of Activities	Standard	Notes
Hours (per day) / Days (per week)	8 / 6	
Holidays	No	

AIRCRAFT RENTAL OR FLIGHT TRAINING OPERATOR (SASO)

Hours of Activities	Standard	Notes
After-hours	Yes	Prior arrangement

6.7. *Insurance Disclosure Requirement*

Any Operator conducting Aircraft rental or Flight Training shall post a notice (and incorporate within its rental and instruction agreements) that: (a) identifies the insurance coverages provided to the renter or student by Operator, (b) discusses when and how the insurance coverages apply, (c) indicates where additional information can be obtained, and (d) advises the renter or student that additional insurance coverage is available (i.e., that the renter or student can purchase an individual non-ownership liability policy). An Operator shall provide a copy of such notice to the County.

7. AIRCRAFT SALES OPERATOR (SASO)

7.1. Introduction

Aircraft Sales Operator – An Operator engaged in the sale of more than three new and/or used Aircraft during a 12-month period. This excludes individuals selling personally owned Aircraft, unless the individual purchases Aircraft for the primary purpose of resale.

In addition to the General Requirements set forth in Section 2, Operator shall comply with the following minimum standards set forth in this Section.

7.2. Leased Premises

An Operator shall have adequate land and Improvements to accommodate all Activities of Operator and all approved Sublessee(s), but not less than the following, which are not cumulative.

Leased Premises (square feet)	Standard	Notes
Contiguous Land (Lessee only)		
Without hangar	10,890 (0.25 acres)	
With hangar	21,780 (0.5 acres)	
Customer area		
Lessee	500	Shall include adequate space for customer lounge and restrooms
Sublessee	Immediate access 500	Shall include customer lounge and restrooms
Customer service area	250	Shall include adequate and dedicated space for customer service work areas and storage
Self-maintenance		Only for Operators engaged in self-maintenance. If Operator provides Aircraft Maintenance on other Aircraft, Operator shall comply with the minimum standards for an Aircraft Maintenance Operator (Section 4).
Maintenance area	360	Shall include adequate and dedicated space for employee work areas, shop areas, and storage for Aircraft parts and Equipment.
Hangar	3,600	Shall be at least equal to the square footage stipulated or large enough to accommodate the largest Based Aircraft in Operator’s fleet, whichever is greater.

7.3. Dealership

An Operator, who is an authorized factory sales franchise, dealer, or distributor either on a retail or wholesale basis, shall have available or shall make available with reasonable advance notice at least one current model demonstrator of Aircraft in each of its currently authorized product lines.

7.4. Licenses and Certifications

Employees shall be properly certified by the FAA, current, and hold the appropriate ratings and medical certification for providing flight demonstration in all Aircraft offered for sale.

AIRCRAFT SALES OPERATOR (SASO)

7.5. *Employees*

At a minimum, an Operator shall employ the following number of Employees who shall be available during required hours of activities.

Employees	Standard	Notes
Commercial Pilot(s)	1	
Customer Service Representatives	1	A commercial pilot may fulfill the responsibilities of the customer service representative unless the commercial pilot is performing duties off-Airport.

7.6. *Hours of Activities*

An Operator shall be available to meet reasonable demands of customers for these Activities by appointment 8 hours per day, 6 days per week, and shall respond to all customer inquiries within one business day.

7.7. *Sales Guarantee or Warranty*

An Operator shall provide necessary and satisfactory arrangements for Aircraft Maintenance in accordance with any sales guarantee or warranty period.

8. AIRCRAFT STORAGE OPERATOR (SASO)

8.1. Introduction

Aircraft Storage Operator – An Operator that owns (or leases) an Aircraft storage facility and/or associated office or shop space and sells (or Subleases) such space to entities engaging in Commercial or Non-Commercial Aeronautical Activities.

In addition to the General Requirements set forth in Section 2, Operator shall comply with the following minimum standards set forth in this Section.

8.2. Leased Premises

An Operator shall have adequate land and Improvements to accommodate all Activities of Operator and all approved Sublessee(s), but not less than the following, which are not cumulative.

Leased Premises (square feet)	Single Engine Piston	Multi Engine Piston	Turboprop	Turbojet
Land (Lessee only)	21,780 (0.5 acres)	21,780 (0.5 acres)	32,670 (0.75 acres)	32,670 (0.75 acres)
Hangar	3,600	6,400	7,500	10,000
<i>Note</i>	Single structures of not less than 6,000 square feet subdivided and configured (although each unit shall not be less than 1,000 square feet) to accommodate individual bays for storage of Aircraft designed in accordance to the requirements in Section 2.5 for Single-Engine Piston Aircraft.			

8.3. Hours of Activity

An Operator shall ensure the facilities are available for use (and readily accessible) 24 hours a day, 7 days a week including holidays.

**AIRCRAFT CHARTER OR
AIRCRAFT MANAGEMENT OPERATOR (SASO)**

9. AIRCRAFT CHARTER OR AIRCRAFT MANAGEMENT OPERATOR (SASO)

9.1. Introduction

Aircraft Charter Operator – An Operator, with Based Aircraft, engaged in on-demand common carriage for persons or Property (as defined in 14 CFR Part 135) or operates in private carriage (as defined in 14 CFR Part 125).

Aircraft Management Operator – An Operator, with Based Aircraft, engaged in the business of providing Aircraft management including, but not limited to, flight dispatch, flight crews, or Aircraft Maintenance coordination to the public.

In addition to the General Requirements set forth in Section 2, Operator shall comply with the following minimum standards set forth in this section.

9.2. Leased Premises

An Operator shall have adequate land and Improvements to accommodate all Activities of Operator and all approved Sublessee(s), but not less than the following, which are not cumulative.

Leased Premises (square feet)	Standard	Notes
Contiguous land (Lessee only)	21,780 (0.5 acres)	
Customer area		
Lessee	500	Shall include adequate space for customer lounge and restrooms
Sublessee	Immediate access 500	Shall include customer lounge and restrooms
Customer service area	500	Shall include adequate and dedicated space for customer service work areas and storage
Self-maintenance		Only for Operators engaged in self-maintenance. If Operator provides Aircraft Maintenance on other Aircraft, Operator shall comply with the minimum standards for an Aircraft Maintenance Operator (Section 4).
Maintenance area	360	Shall include adequate and dedicated space for employee work areas, shop areas, and storage for Aircraft parts and Equipment.
Hangar	3,600	Shall be at least equal to the square footage stipulated or large enough to accommodate the largest Aircraft in Operator’s fleet, whichever is greater.

9.3. Licenses and Certifications

Aircraft Charter Operators shall maintain, and provide copies to the County, all appropriate certifications and approvals, including without limitation, the Pre-application Statement of Intent (FAA Form 8400-6), the Registrations and Amendments under Part 298 (OST Form 4507), and/or FAA issued operating certificate(s). Any time certifications or approvals are modified, the updated documentation reflecting the changes shall be provided to the County within three calendar days.

**AIRCRAFT CHARTER OR
AIRCRAFT MANAGEMENT OPERATOR (SASO)**

9.4. Employees

If certified to engage in on-demand common carriage for persons or Property, Aircraft Charter Operator shall employ the number of Employees as required by 14 CFR Part 135. If certified to engage in private carriage (as defined in 14 CFR Part 125), Aircraft Charter Operator shall, at a minimum, employ the following number of Employees who shall be available during required hours of activities as follows:

Employees	Standard	Notes
Chief Pilot	Yes	A commercial pilot may serve as the chief pilot.
Commercial Pilot(s)	1	
Customer Service Representative(s)	1	The chief pilot or a commercial pilot may fulfill the responsibilities of the customer service representative unless the chief pilot or the commercial pilot is performing duties off the Leased Premises.

Aircraft Management Operator shall, at a minimum, employ the following number of Employees who shall be available during required hours of activities as follows:

Employees	Standard	Notes
Commercial Pilot(s)	1	If providing pilot services
Customer Service Representative(s)	1	A commercial pilot may fulfill the responsibilities of the customer service representative unless the chief pilot or the commercial pilot is performing duties off the Leased Premises.

9.5. Equipment

Aircraft Charter Operator shall provide, either owned or under written lease to Operator and under the full and exclusive control of Operator, at least one certified and continuously airworthy Aircraft for the type of Aircraft charter service being provided which shall be equipped for and fully capable of flight under instrument conditions. Additional Aircraft Charter needs of customers may be fulfilled by Operator’s aircraft based at a different airport or by an aircraft charter company acting as a subcontractor to Aircraft Charter Operator.

9.6. Hours of Activities

An Operator shall be open, and services shall be available, to meet reasonable demands of customers for these Activities, but not less than the following:

Hours of Activities	Standard	Notes
Hours (per day) / Days (per week)	8 / 5	
Holidays	No	
After-hours	Yes	Initial response within 1 hour

For Aircraft Charter Operator, after-hours, on-call response time is as follows. Each response time is predicated upon the previous step, initialized upon customer inquiry.

After-hours, On-Call Response Time	Standard	Notes
Response to customer inquiries	1 hour	
Provision of trip quote	1 hour	

AIRCRAFT CHARTER OR AIRCRAFT MANAGEMENT OPERATOR (SASO)

After-hours, On-Call Response Time	Standard	Notes
Flight initiation	2 hours	Notwithstanding circumstances beyond Operator's control (e.g., Aircraft availability, weather, etc.), Operator shall be able to initiate the flight within the time period identified.

INDEPENDENT AIRCRAFT MAINTENANCE OPERATOR (SASO)

10. INDEPENDENT AIRCRAFT MAINTENANCE OPERATOR (SASO)

10.1. *Introduction*

Independent Aircraft Maintenance Operator – An Operator engaged in providing limited Aircraft Maintenance for airframe and powerplant on the Airport for Aircraft other than those owned, leased, and/or operated by (under the full and exclusive control of) Operator, but does not lease or sublease land or Improvements at the Airport.

For the purposes of these Minimum Standards, an A&P Mechanic, or an A&P Mechanic holding an inspection authorization (in compliance with 14 CFR Part 65.91) solely participating in Owner-Assisted Maintenance with an existing Licensee at the Airport shall not be required to comply with the minimum standards set forth in this section.

10.2. *Limitations*

As determined by the County in its sole discretion, if an Aircraft Maintenance Operator is fully meeting the demand for Aircraft Maintenance, Independent Maintenance Operators may be prohibited at the Airport.

An Independent Maintenance Operator shall only provide Aircraft Maintenance to Based Aircraft and shall not solicit Transient Aircraft for any reason. However, at the written request of an FBO or Aircraft Maintenance Operator, (with notice given to the Airport Manager) an Independent Aircraft Maintenance Operator may provide Aircraft Maintenance to Transient Aircraft.

10.3. *Experience/Capability*

An Operator shall, in the judgment of the County, demonstrate before and throughout the term of the Agreement, the capability of consistently providing the required Commercial General Aviation services and engaging in the required Activities in a safe, secure, efficient, courteous, prompt, and professional manner in service to and to the benefit of the public.

10.4. *Permit*

Entity shall not engage in Activities at the Airport without a Commercial Operator Permit (Permit) authorizing such Activities. Permit shall not reduce or limits Operator's obligation with respect to complying with these Minimum Standards.

10.5. *Payment of Fees and Charges*

An Operator shall pay all County fees or other charges on time. The County may, at its option, enforce payment of any fee or other charge due and owing the County by any legal means available to the County under any Permit and as provided by Legal Requirements.

10.6. *Location*

Independent Maintenance Operator shall only provide maintenance in locations designated and approved in writing by the County. These locations (including any Improvements) must meet applicable Legal Requirements for the type of Aircraft Maintenance being provided. For further information, please reference the Self-Service Maintenance Synopsis document.

10.7. *Products and Services*

To ensure compliance with the Assurances, Operator shall:

- provide products and services on a reasonable, and not unjustly discriminatory, basis to all Based Aircraft and
- charge reasonable, and not unjustly discriminatory, prices for each product or service.

INDEPENDENT AIRCRAFT MAINTENANCE OPERATOR (SASO)

An Operator may provide reasonable discounts, rebates, or other similar types of price reductions based on the type, kind, or class of Airport user. In the event of a compliant and upon request, Operator shall submit a schedule of product and service pricing to the County within 10 business days. In addition to identifying the Operator's products and service pricing, the schedule shall identify any discounts, rebates, or other similar types of price reductions offered by Operator.

An Operator shall engage in its Activities in a safe, secure, efficient, courteous, prompt, and professional manner consistent with the degree of care and skill exercised by qualified and experienced operators providing similar products, services, and facilities at comparable airports.

10.8. Licenses, Permits, Certifications, and Ratings

Independent Maintenance Operator shall obtain and comply with, at Operator's sole cost and expense, all necessary licenses, permits, certifications, and/or ratings required for the provision of Operator's Activities as required by the County or any other duly authorized Agency having jurisdiction prior to engaging in Activities at the Airport. An Operator shall be properly certified by the FAA, current, and hold the appropriate ratings for the work being performed. Upon request, an Operator shall provide copies of such licenses, permits, certifications, or ratings to the County within 10 business days.

An Operator engaged in Activities at the Airport shall adhere to the practices recommended by the FAA and shall comply with all Safety Management Systems (SMS) Legal Requirements and directives issued by the County.

An Operator shall obtain a Permit as outlined in Section 14 of these Minimum Standards from the County prior to engaging in Activities.

10.9. Insurance

An Operator shall procure, maintain, and pay all premiums throughout the term of Agreement for the applicable insurance coverages and amounts required by Legal Requirements and set forth in Section 2.12 and within Attachment A (Minimum Insurance Requirements) of these Minimum Standards for Operator's Activities.

10.10. Indemnification and Hold Harmless

Reference Section 2.13 of these Minimum Standards.

10.11. Enforcement

In the event an entity fails to comply with these Minimum Standards, the County shall send a written statement of violation to such entity at its last known address. The entity shall have 10 business days to provide a written statement to the County explaining why the violation occurred and to advise the County (a) that the violation has been corrected or (b) when and how the violation will be corrected. The County, in its sole discretion, has the right to suspend the entity's Activities and/or revoke the entity's privileges at the Airport, as the County deems necessary in order to obtain a correction of the violation. In addition, any such violations shall be taken into consideration any time the entity submits an application with the County or otherwise seeks its permission or approval. The entity shall pay for any costs incurred by the County, including but not limited to, attorney fees, expert witness fees, court costs, and other legal costs, etc.

INDEPENDENT AIRCRAFT MAINTENANCE OPERATOR (SASO)

10.12. Fines or Penalties

An Operator shall have the responsibility to pay any fine or penalty levied against Operator or the County, as a result of Operator's failure to comply with any applicable Legal Requirement. If the fine or penalty is contested, Operator shall pay the fine or penalty if upheld by the Agency having jurisdiction.

10.13. Taxes

An Operator shall, at its sole cost and expense, pay all taxes, fees, and other charges, that may be levied, assessed, or charged by any duly authorized Agency, relating to the Operator's Activities conducted at the Airport. If the taxes are contestable (and contested by the Operator), Operator shall pay the fine or penalty if upheld by the Agency having jurisdiction.

10.14. Multiple Activities

When more than one Activity is conducted by an Operator at the Airport, the minimum standards or requirements for the combined Activities shall be established by the County.

The minimum standards or requirements for combined Activities shall not be:

- less than the highest standard or requirement for each element (e.g., land, facilities, etc.) within the combined Activities, or
- greater than the cumulative standards or requirements for all of the combined Activities.

INDEPENDENT FLIGHT TRAINING OPERATOR (SASO)

11. INDEPENDENT FLIGHT TRAINING OPERATOR (SASO)

11.1. *Introduction*

Independent Flight Training Operator – An Operator, as an individual, providing Flight Training to the general public originating from the Airport but does not lease or Sublease land or Improvements at the Airport.

A person holding a current FAA Flight Instructor certificate, who provides occasional Flight Training to an Aircraft Owner in the Owner's Aircraft and is not compensated by the Aircraft Owner or any other party. A Flight Training Operator shall not make Flight Training available to the public.

11.2. *Limitations*

If it determines a Flight Training Operator is fully meeting the demand for Flight Training, the County reserves the right to prohibit Independent Flight Training Operators at the Airport.

11.3. *Experience/Capability*

An Operator shall, in the judgment of the County, demonstrate before and throughout the term of the Agreement, the capability of consistently providing the required Commercial General Aviation services and engaging in the required Activities in a safe, secure, efficient, courteous, prompt, and professional manner in service to and to the benefit of the public.

11.4. *Permit*

Entity shall not engage in Activities at the Airport without a Commercial Operator Permit (Permit) authorizing such Activities. Permit shall not reduce or limits Operator's obligation with respect to complying with these Minimum Standards.

11.5. *Insurance Disclosure Requirement*

Any Operator conducting Aircraft rental or Flight Training shall post a notice (and incorporate within its rental and instruction agreements) that: (a) identifies the insurance coverages provided to the renter or student by Operator, (b) discusses when and how the insurance coverages apply, (c) indicates where additional information can be obtained, and (d) advises the renter or student that additional insurance coverage is available (i.e., that the renter or student can purchase an individual non-ownership liability policy). The Operator shall provide a copy of such notice to the County.

11.6. *Payment of Fees and Charges*

An Operator shall pay all fees or other charges on time, as specified by the County for engaging in Activities. The County may, at its option, enforce payment of any fee or other charge due and owing the County by any legal means available to the County.

11.7. *Location*

An Independent Flight Training Operator who provides ground school instruction at the Airport shall only do so at a location approved in writing by the Airport Manager.

11.8. *Products and Services*

To ensure compliance with the Assurances, Operator shall:

- provide services on a reasonable, and not unjustly discriminatory and
- charge reasonable, and not unjustly discriminatory, prices for each product or service.

An Operator may provide reasonable discounts, rebates, or other similar types of price reductions based on the type, kind, or class of Airport user. In the event of a compliant and upon request, the Operator shall

INDEPENDENT FLIGHT TRAINING OPERATOR (SASO)

submit a schedule of product and service pricing to the County within 10 business days. In addition to identifying the Operator's products and service pricing, the schedule shall identify any discounts, rebates, or other similar types of price reductions offered by Operator.

An Operator shall engage in its Activities in a safe, secure, efficient, courteous, prompt, and professional manner consistent with the degree of care and skill exercised by qualified and experienced operators providing similar products, services, and facilities at comparable airports.

11.9. Licenses, Permits, Certifications, and Ratings

Independent Flight Training Operator shall obtain and comply with, at Operator's sole cost and expense, all necessary licenses, permits, certifications, and/or ratings required for the provision of Operator's Activities as required by the County or any other duly authorized Agency having jurisdiction prior to engaging in Activities at the Airport. An Operator shall be properly certified by the FAA, current, and hold the appropriate ratings and medical certificates for the Aircraft being utilized and/or Flight Training being provided. Upon request, Operator shall provide copies of such licenses, permits, certifications, or ratings to the County within 10 business days.

Independent Flight Training Operator shall be properly certified and capable of providing on-demand ground school instruction sufficient to enable students to pass the FAA written examinations for the pilot rating being sought. Independent Flight Training Operator shall provide, at a minimum, adequate training aids necessary to provide proper and effective ground school instruction.

11.10. Insurance

An Operator shall procure, maintain, and pay all premiums throughout the term of Agreement for the applicable insurance coverages and amounts required by Legal Requirements and set forth in Section 2.12 and within Attachment A (Minimum Insurance Requirements) of these Minimum Standards for Operator's Activities.

11.11. Indemnification and Hold Harmless

Reference Section 2.13 of these Minimum Standards.

11.12. Enforcement

In the event an entity fails to comply with these Minimum Standards, the County shall send a written statement of violation to the Operator's last known address. The Operator shall have 10 business days within which to (a) provide a written statement to the County explaining why the violation occurred and to advise the County that the violation has been corrected or (b) when and how the violation will be corrected. The County, in its sole discretion, has the right to suspend the entity's Activities and/or revoke the entity's privileges at the Airport, as the County deems necessary in order to obtain a correction of the violation. In addition, any such violations shall be taken into consideration any time the Operator submits an application with the County or otherwise seeks its permission or approval. The entity shall pay for any costs incurred by the County, including but not limited to, attorney fees, expert witness fees, court costs, and other legal costs, etc.

11.13. Fines or Penalties

An Operator shall have the responsibility to pay any fine or penalty levied against Operator, the County, or the Board, individually or collectively, as a result of Operator's failure to comply with any applicable Legal Requirement. If the fine or penalty is contested, the Operator shall pay the fine or penalty if upheld by the Agency having jurisdiction.

INDEPENDENT FLIGHT TRAINING OPERATOR (SASO)

11.14. Taxes

An Operator shall, at its sole cost and expense, pay all taxes, fees, and other charges, that may be levied, assessed, or charged by any duly authorized Agency, relating to the Operator's Activities conducted at the Airport. If the taxes are contestable (and contested by the Operator), the Operator shall pay the fine or penalty if upheld by the Agency having jurisdiction.

11.15. Multiple Activities

When more than one Activity is conducted by an Operator at the Airport, the minimum standards or requirements for the combined Activities shall be established by the County.

The minimum standards or requirements for combined Activities shall not be:

- less than the highest standard or requirement for each element (e.g., land, facilities, etc.) within the combined Activities, or
- greater than the cumulative standards or requirements for all of the combined Activities.

12. OTHER COMMERCIAL AERONAUTICAL ACTIVITIES (SASO)

12.1. Introduction

This Section pertains to SASOs engaging in the following Activities.

Limited Aircraft Services and Support – are defined as limited Aircraft, engine, or accessory services and support (e.g., cleaning, washing, waxing, painting, upholstery, propeller repair, etc.).

Experimental Aircraft Services and Support – are defined as construction assistance to owners of experimental and/or amateur-built Aircraft (as defined in 14 CFR Section 21.191).

Miscellaneous Commercial Services and Support – are defined as ground instruction, simulator training, scheduling and dispatching, or any other related Commercial services and support Activities.

Other Air Transportation Services for Hire – are defined as non-stop sightseeing flights (flights which begin and end at the Airport and are conducted within a 25-statute mile radius of the Airport); flights for aerial photography or survey, firefighting, and power line, underground cable, or pipe line patrol; helicopter operations relating to construction or repair work; or, other related air transportation services for hire.

In addition to the General Requirements set forth in Section 2, an Operator shall comply with the following minimum standards set forth in this section.

12.2. Leased Premises

An Operator shall have adequate land and Improvements, as appropriate and as agreed to by the County, to accommodate all Activities of the Operator and all approved Sublessee(s).

12.3. Employees

An Operator shall provide a sufficient number of Employees to carry out Activity in a safe, secure, efficient, prompt, courteous, and professional manner while also meeting the reasonable demands of customers for the Activities.

12.4. Equipment

An Operator shall have either owned or under written lease to (and under the full and exclusive control of) Operator, sufficient Vehicles, Equipment, and, if appropriate, one certified and continuously airworthy Aircraft.

An Operator shall have sufficient materials and/or supplies available to support the Activities.

12.5. Hours of Activity

An Operator shall be open, and services shall be available, during the hours maintained by qualified and experienced entities engaging in similar Activities at comparable airports.

An Operator shall be available to meet the reasonable demands of customers for the Activities.

TEMPORARY SPECIALIZED AVIATION SERVICE OPERATOR (SASO)

13. TEMPORARY SPECIALIZED AVIATION SERVICE OPERATOR (SASO)

13.1. *Introduction*

The County recognizes that Aircraft Owners or Aircraft Operators may, from time to time, have specialized aviation service requirements (i.e., Aircraft Maintenance, Flight Training, etc.). When specialized aviation service is required but is not available at the Airport through existing Operators due to the specialized nature of the aviation service requirements and/or existing Operators are unable to provide the services required within a reasonable timeframe, the County may allow an Aircraft Owner or Aircraft Operator to solicit and utilize the services of a qualified and experienced entity to provide said services.

- Aircraft Owner or Aircraft Operator shall initialize the process by informing the County about the specialized aviation service requirement, the timeframe for the provision of services, and the Temporary Specialized Aviation Service Operator to provide such services.
- Aircraft Owner or Aircraft Operator shall be responsible for assuring the Temporary Specialized Aviation Service Operator complies with all Legal Requirements while on the Airport.

In addition to the applicable General Requirements set forth in Section 2 (excluding Section 2.5 and Section 2.10), an Operator shall comply with the following minimum standards set forth in this section.

13.2. *Scope of Activity*

An Operator shall conduct Activities on the Leased Premises of the Aircraft Owner or Aircraft Operator or in a location approved by the County in a safe, secure, efficient, prompt, courteous, and professional manner consistent with the degree of care and skill exercised by qualified and experienced operators providing similar services at comparable airports.

13.3. *Commercial Operator Permit*

Prior to engaging in Activities at the Airport, an Operator must obtain a Commercial Operator Permit from the County for a specific period of time (typically no more than 30 calendar days). Renewal shall be subject to the Operator's compliance with all terms and conditions of the approved Commercial Operator Permit.

An Operator shall comply with all requirements for the permitted Activities and limit the service provided to the entity, area, and time period identified in the approved Commercial Operator Permit.

Prior to Operator engaging in any after-hours or weekend service Activities, a Temporary Specialized Aviation Service Operator must notify the County.

14. COMMERCIAL OPERATOR PERMIT

14.1. *Application*

Any entity desirous of engaging in a Commercial Aeronautical Activity at the Airport (Applicant) shall complete all relevant and applicable sections of the Commercial Operator and Lessee Application (Application) and submit the Application to the County and obtain a Commercial Operator Permit (Permit) from the County prior to engaging in the desired Activities.

Applicant shall submit all the information requested in the Application and thereafter shall submit any additional information, data, and/or documentation that may be required or requested by the County to properly and fully evaluate the Application and facilitate an analysis of the prospective operation.

No Application will be deemed complete that does not provide the County with the information, data, and/or documentation necessary to enable the County to make a meaningful assessment of Applicant's desired Activities and determine whether the Applicant's desired Activities will comply with all applicable Legal Requirements and be compatible with the Airport Layout Plan.

Following review and approval by the County and subject to the Applicant complying with all requirements, a Permit will be issued by the County.

14.2. *Approved Permit*

The Permit will be valid for the time period indicated so as long as the Operator meets the following requirements.

- The information submitted by the Operator is and remains current. An Operator shall notify the County in writing within 21 calendar days of any change to the information submitted by the Operator.
- An Operator remains in full compliance with all applicable Legal Requirements and the terms and conditions of the Permit.
- If construction, modification, and/or renovation of aeronautical land and/or Improvements is necessary, the Operator shall comply with the approved Development Plan in compliance with Section 4.4 of the Development Standards.

The Permit may not be assigned or transferred and shall be limited solely to the approved Activities identified in the Permit.

For Lessees, the Permit shall be incorporated by reference into the Lessees' Agreement. The breach of any portion of the Permit, including the Application incorporated by reference thereto, shall be deemed a material breach of any associated Agreement and the County shall have the option to terminate the Permit and/or the Agreement.

14.3. *Existing Operator with an Existing Agreement*

No Change in Scope of Activities – Upon adoption of these Minimum Standards, an existing Operator with an existing Agreement may engage in the Activities permitted under the Agreement without submitting an Application provided that Operator is in full compliance with all the terms and conditions of the Agreement and all applicable Legal Requirements.

Change in Scope of Activities – Prior to engaging in any new Activity not permitted under an existing Agreement or Permit or changing or expanding the scope of Activities permitted under an existing Agreement or Permit, an Operator shall complete and submit an Application to, and receive a Permit from, the County prior to conducting new Activity(ies) not permitted under an existing Agreement or Permit.
