

NAPA COUNTY CONSOLIDATED REDISTRICTING CALENDAR 2021-2022

Every 10 years, public agencies use new data from the US Census to redraw the district lines of elected officials to match the changes in local population. This public process involves a series of public hearings and workshops. Meetings without maps are for community input for where the new lines should be; meetings with maps incorporate that feedback on draft maps for public comments before the governing body adopts them. This calendar displays all of the meetings for all of the agencies in Napa County for the 2021-2022 redistricting cycle. More information and meeting locations available on the individual agency websites. Some meetings include multiple agencies, see reverse for details.
