

**Office:** United States Representative in Congress, District 4

**Name:** Mike Thompson

**Occupation:** Member of Congress

**Age:** --

**Education & Qualifications:**

I was born, grew up, and still live in our district. It is the honor of my life to represent our beautiful region in Congress.

I worked to enact legislation that provides an historic investment in our nation's infrastructure that will create jobs, rebuild local roads and bridges, lessen the threat of wildfires, expand broadband, and tackle climate change.

As chairman of the Select Revenues Subcommittee of the powerful House Ways and Means Committee, I advanced the Child Tax Credit, a tax cut for working families with children that has already significantly reduced child poverty.

Since the tragic fires in our district, I passed legislation to provide relief for fire survivors, offset costs to local and state governments, and incentivize building of affordable housing.

I wrote the most sweeping climate policy legislation ever to pass the House of Representatives and the flagship climate policy of President Biden's agenda.

I'm continuing to work to secure Federal resources to combat Coronavirus and recover from this crisis including expanding access to testing and securing funding to help struggling working families and small businesses.

The House passed my bipartisan legislation to expand background checks and keep communities safe from gun violence.

I'm working to preserve Social Security, Medicare, and veterans' benefits, pass comprehensive immigration reform and protect our Dreamers.

Together, we can make sure our district remains the best place to live, start a business, raise a family, and retire with dignity.

I would be honored to have your support.
