

Office: Napa County Supervisor District 1

Name: Joelle Gallagher

Occupation: Napa County Planning Commissioner/Executive Director First 5 Napa County

Age: 59

Education & Qualifications:

Napa County is a special place that I am proud to call home. Our pristine natural resources, strong community, and special quality of life are worth protecting. I have dedicated my career to serving the Napa Valley as a non-profit leader and community volunteer. I have worked on behalf of Napa children and families as the Executive Director of First 5 Napa County. I have led Cope Family Center, the Napa County Farm Bureau, and the Napa Valley Grape Growers Association.

My vision for Napa County is an engaged and empowered community, a safe, inclusive place with a healthy and thriving workforce that can afford to live where they work and raise their families.

As county supervisor, I will work to address the impacts of climate change and ensure the protection of our agricultural heritage and natural resources. I will continue championing environmental justice, working to reduce carbon emissions, and promoting climate resiliency.

On the county planning commission, for the past five years, I have fought for sustainable, climate-conscious land use.

I am proudly endorsed by the Sierra Club Napa Group and our long-serving Supervisor Brad Wagenknecht.
