

Office: Napa County Supervisor District 1

Name: Suzanne Besú Truchard

Occupation: Attorney; Small Businesswoman; Mother

Age: --

Education & Qualifications:

I consider myself to be a unique candidate for the Napa County Board of Supervisors. As a daughter of Cuban immigrants, I was taught the value of hard work, to never give up, to keep your commitments, stretch your dollars, and watch the bottom line.

As parents, my husband and I often think about Napa County's future. I want to be sure that all of our children and the next generation have the same opportunities to work and live in the same place they grew up.

As your Supervisor, I'll make certain Napa County remains a great place to live, work, raise families, and retire. That means working hard to find solutions to address housing affordability, increased fire protection and preparedness, clean water, traffic relief, and creating a business-friendly atmosphere while protecting and enhancing our environment.

With an honors degree in Health Policy from Harvard University and a law degree from Northwestern University, I'll apply my education and professional experience to focus on the safety and economic sustainability of Napa County, while addressing complex legal and land use matters coming before the Board of Supervisors in the future.

I'm committed to bringing new ideas and real leadership on the Napa County Board of Supervisors. I ask for your vote. Thank you. www.SuzanneforNapa.com
