

**Office:** Napa County Supervisor District 1

**Name:** Garrett Hale

**Occupation:** Contractor/Businessman/ Electrician

**Age:** --

**Education & Qualifications:**

As a Chicano Napa Native, and world traveled businessman, I look forward to serving the Napa community.

My critical thinking abilities and respect for others, is my standard in business and relationships. Trust is a lifetime gift of goodwill and good service to you.

Since 1985, while studying for my BS in Bio-Sci at UC Davis, I began serving Napa County as an electrical contractor. Today, Pacific Electric is a well-known name. My professions grew into construction finance, marketing, advertising, mining and solar. Some businesses were as far as West Africa, which allowed me to bring global ideas to Napa County.

I will apply a lifetime of business principles to the job of Supervisor, and focus on efficiently managing the "taxpayer budgets". I will not just vote on, but will use critical thinking and experience, to create solutions, not repairs, for our local issues. What are these issues? For example: a clean thriving river, safe bike trails, solutions for homelessness, true addressing of our fire crisis, and housing that works at many entry points.

My vast experience will allow me to work hand-in-hand with staff to make these important decisions for a better Napa. After all - we are in this together!
