

Office: Napa County Supervisor District 3

Name: Anne Cottrell

Occupation: Napa County Planning Commissioner/Mom

Age: --

Education & Qualifications:

Napa County is my home — it's where I was born, grew up and where my husband and I raised our three sons. I'm an attorney by training and have served on the Napa County Planning Commission since Supervisor Diane Dillon appointed me in 2014. I've listened to — and learned from — people from all parts of the county. I care deeply about this valley and the people who live and work here.

Napa County faces many challenges today. Wildfires pose an existential threat to our communities and local economy; climate change and drought present ongoing risks to our water resources; and scarcity of affordable housing is pushing our local workforce out of Napa County. We need a balanced, community-oriented vision to address these issues and protect our agricultural and natural resources. And we need to work together.

I'm ready to tackle these issues as your next Supervisor so we can realize our vision of a sustainable, resilient Napa County. Given my legal background, Planning Commission experience, and long-term connection to the county, I have the skills, knowledge, and commitment to lead our valley into the future.

I'm proud to be endorsed by Supervisor Diane Dillon and hundreds of community members. Please join them in supporting me.
