ACHIEVING OUR VISION

In Napa County, community members will take responsibility for improving and sustaining health through shared leadership, strategic planning, meaningful community engagement, and coordinated action.

PRIORITY AREAS

WELLNESS AND HEALTHY LIFESTYLES

- Provide opportunities, support, and education for managing weight, healthy nutrition, and physical activity
- Build capacity for people to be more physically active
- Create tobacco-free environments, prevent initiation of tobacco use, and promote cessation programs
- Enhance resources to increase breastfeeding rates
- Ensure home visitation services for high-risk people and families
- Maintain programs to prevent alcohol and other drug abuse for teens
- Expand coordination and outreach for mental health and suicide prevention services focused on prevention, early identification, and intervention

SOCIAL DETERMINANTS OF HEALTH

- Increase awareness of the SDoH and how they affect health outcomes
- Build community-centered wellness-support networks in under-resourced areas
- Improve the built environment to encourage walkable and bikeable communities
- Partner with the community to promote and support the Charter for Compassion
- Provide parent classes that will support them in becoming more effective parents and leaders at school and in the community
- Provide educational programs targeted at vulnerable populations, including literacy and financial stability

SUSTAINABLE PARTNERSHIPS

- Develop initiatives to strengthen the collection, quality, and availability of data on under-represented populations
- Coordinate strategic initiatives that span the entire community
- Build sustainable funding capacity through collaboration

HIGH QUALITY ACCESS

- Improve access to dental services for low-income children ages 0-21
- Conduct research initiatives for potential service quality improvement
- Increase advanced care planning
- Increase access to affordable health care
- Reduce barriers and increase access to services through improved health care provider collaboration and integration
- Increase access to and ensure coordinated delivery of community-based mental health and social services

THEMES

EQUITY, COLLABORATION, PREVENTION

NEXT STEPS

Napa County will begin to implement this Community Health Improvement Plan (CHIP) in early 2014, through the use of the Napa County Community Health Action Plan. This plan outlines LHNC’s specific strategies associated with each of our four priority areas, measurable activities, lead and partner agencies responsible for each activity, and deadlines for activity completion.

CALL TO ACTION

We encourage you, residents and community organizations, to participate in this important effort by joining the CHIP implementation activities, attending our collaborative meetings, developing recommendations, implementing programs, evaluating our efforts, or using the CHIP to guide your own work to improve community health in Napa County. If you, or your organization, would like to get involved in the Napa CHIP, please contact Live Health Napa County for more information.
