

Argument in Favor of Measure B
Calistoga Joint Unified School District

Everyone knows the importance and value of having quality schools. From higher achieving students, to greater neighborhood safety and improved property values, quality schools make a difference. While our teachers and staff do their best in educating our children, many classrooms and school facilities at Calistoga Joint Unified School District are outdated and inadequate to provide students with the facilities they need to succeed. This is why our students need your **YES vote on Measure B!**

Although our schools have been well maintained over the years, aging classrooms and facilities must be upgraded since many do not meet 21st century standards. Measure B would allow the District to improve our schools and the quality of education provided to local students. By investing in Calistoga schools, we can meet today's safety, technological, and educational standards and better our community.

If passed, Measure B will provide funding to make facility improvements at local Calistoga schools by:

- Constructing Career Technical Education classrooms and facilities
- Increasing student access to computers and modern technology
- Replacing temporary portables with permanent classrooms
- Constructing and renovating classrooms, restrooms and school facilities, including kitchens and multi-purpose rooms/gymnasiums
- Improving playgrounds, fields, and outdoor learning areas

Measure B makes financial sense and protects taxpayers.

- All funds must be spent locally and cannot be taken by the State.
- By law, spending must be reviewed and annually audited by an independent citizens' oversight committee.
- Funds can only be spent to improve our local elementary school, not for teacher or administrator salaries.

Measure B upgrades and renovates old and inadequate school facilities, improves the education of local students, and maintains the quality of our community. That's something we can all support. Please join us and **VOTE YES ON MEASURE B!**
