

Napa County Local Food Advisory Council

Mission

To nurture a more sustainable local food system in Napa County.

Vision Statement

We envision a Napa County which:

- is a healthy place to live
- is diverse agriculturally
- is viable economically
- is a good steward of its resources
- provides ready access for all people to healthy food choices

Goals

Serve as a public forum to identify and share information, research, and assessments on community needs.

Advise the Napa County Board of Supervisors on policy issues and make recommendations to:

- educate the community on healthy eating and local food choices
- promote an increase in local food production and distribution
- increase consumer access to fresh local products
