This application is the result of a Code Violation

As owner of the above listed building, I hereby certify that I do not intend to heat or cool this building in such a manner as to be subject to the State Energy Requirements concerning conditioned space. I understand that if I do heat or cool this building in the future, I will be subject to the energy requirements in effect at that time. I am still responsible for complying with all electrical & lighting requirements in the current State Energy Code.

I further understand that if I change the use or occupancy of this building in the future it may be necessary to redesign and/or alter the following:

- A) the building envelope
- B) the heating, ventilating, air conditioning, and insulation
- C) the building lighting
- D) the egress, fire resistance and fire suppression system of the structure
- E) the service water heating

I understand that any of the above changes will require me to obtain the necessary permits, inspections, and approval from the Napa County Department of Planning, Building & Environmental Services.
