Napa County Health and Human Services Agency, Alcohol and Drug Services Division (ADS) is responsible for providing comprehensive, coordinated, integrated, culturally competent, wellness and recovery based, best practices/evidence-based practices alcohol and drug services to individuals and their families dealing with issues related to tobacco, alcohol, and other drugs. The division provides a continuum of care with an array of services ranging from education, outreach, early intervention, prevention, assessment, detoxification, residential and outpatient treatment, case management, aftercare, perinatal services and linkages to community resources. Services are provided through county-operated programs and contracts with community-based organizations. It provides services to diverse client populations such as Spanish speaking, gender sensitive, criminal justice, co-occurring, and general population. ADS assesses the needs of the community, collects and analyses data, and monitors trends to ensure for efficient planning and for the provision of cost effective services to the diverse communities in the County.
